Beginning at a stone bound at the point of intersection of the northeasterly side line of Summer Street and the northwesterly side line of Edgehill Road, thence easterly and northeasterly on said northwesterly side line of Edgehill Road on a curve to the left with a radius of 20.0 feet a distance of 21.99 feet to a stone bound at a point of tangency in said northwesterly side line of Edgehill Road, thence northeasterly on said northwesterly side line of Edgehill Road a distance of 244.51 feet to an angle point in said northwesterly side line of Edgehill Road, thence continuing northeasterly on said northwesterly side line of Edgehill Road a distance of 618.90 feet to a stone bound at a point of curve in said northwesterly side line of Edgehill Road, thence northeasterly and northerly on said northwesterly side line of Edgehill Road on a curve to the left with a radius of 35.0 feet a distance of 27.20 feet to a stone bound at the point of intersection of said northwesterly side line of Edgehill Road and the westerly side line of Richfield Road, thence southeasterly on said westerly side line of Richfield Road a distance of 132.44 feet to a stone bound at a point of inter-

section of said westerly side line of Richfield Road and the southeasterly side line of Edgehill Road, thence northwesterly, westerly and southwesterly on said southeasterly side line of Edgehill Road on a curve to the left with a radius of 25.0 feet a distance of 59.11 feet to a stone bound at a point of tangency in said southeasterly side line of Edgehill Road, thence southwesterly on said southeasterly side line of Edgehill Road a distance of 535.23 feet to an angle point in said southeasterly side line of Edgehill Road, thence continuing southwesterly on said southeasterly side line of Edgehill Road a distance of 207.56 feet to a stone bound at a point of curve in said southeasterly side line of Edgehill Road, thence southwesterly, southerly, and southeasterly on said southeasterly side line of Edgehill Road on a curve to the left with a radius of 20.0 feet a distance of 40.84 feet to a stone bound at the point of intersection of said southeasterly side line of Edgehill Road and the northeasterly side line of Summer Street, thence northwesterly on said northeasterly side line of Summer Street a distance of 89.78 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled "Street plan Edgehill Road, Arlington, Mass., Hor. Scale 1″=40′. Ver. Scale 1″=6′., February 29, 1928, Fred A. Joyce, Surveyor, Belmont."

Article 17. To see if the Town will accept the laying out of a town way from the Concord Turnpike to Oakland Avenue, substantially in the location of the private way known as George Street, as made and filed in the office of the Town Clerk by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the northeast-

erly side line of the Concord Turnpike and the southwesterly side line of George Street, thence northwesterly on said southwesterly side line of George Street a distance of 1447.0 feet more or less to the point of intersection of said southwesterly side line of George Street and the southeasterly side line of Oakland Avenue, thence northeasterly on said southeasterly side line of Oakland Avenue a distance of 40.0 feet to the point of intersection of said southeasterly side line of Oakland Avenue and the northeasterly side line of George Street, thence southeasterly on said northeasterly side line of George Street a distance of 1503.61 feet more or less to the point of intersection of said northeasterly side line of George Street and the northeasterly side line of the Concord Turnpike, thence northwesterly on said northeasterly side line of the Concord Turnpike on a curve to the right with a radius of 3254.18 feet a distance of 70.0 feet more or less to the point of beginning as shown on two plans on file in the office of the Town Clerk, Arlington, Mass. both entitled: "Plan and Profile showing proposed lines and grades for George St., Arlington, Hor. Scale 40′=1″, Ver. Scale 6′=1″, Chas. J. Elliot, Eng'r. and Surveyor Nov. 5, 1910."

Article 18. To see if the Town will accept the laying out of a town way from Jason Street to Spring Street, substantially in the location of the private way known as Hillsdale Road, as made and filed in the office of the Town Clerk by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at a stone bound at the point of intersection of the southeasterly side line of Hillsdale Road and the easterly side line of Spring Street, thence northwesterly on said

easterly side line of Spring Street on a curve to the left with a radius of 1227.05 feet a distance of 97.6 feet to the point of intersection of said easterly side line of Spring Street and the northwesterly side line of Hillsdale Road, thence southeasterly, easterly, and northeasterly on said northwesterly side line of Hillsdale Road on a curve to the left with a radius of 20 feet a distance of 30.62 feet to a stone bound at a point of tangency in said northwesterly side line of Hillsdale Road, thence northeasterly on said northwesterly side line of Hillsdale Road a distance of 283.23 feet to a stone bound at a point of curve in said northwesterly side line of Hillsdale Road, thence continuing northeasterly on said northwesterly side line of Hillsdale Road on a curve to the left with a radius of 1200 feet a distance of 591.02 feet to a stone bound at a point of compound curve in said northwesterly side line of Hillsdale Road, thence continuing northeasterly on said northwesterly side line of Hillsdale Road on a curve to the left with a radius of 582.25 feet a distance of 33.90 feet to a stone bound at a point of tangency in said northwesterly side line of Hillsdale Road, thence continuing northeasterly on said northwesterly side line of Hillsdale Road a distance of 10 feet to an angle point in said northwesterly side line of Hillsdale Road, thence continuing northeasterly on said northwesterly side line of Hillsdale Road a distance of about 157.1 feet to a point on said northwesterly side line of Hillsdale Road, thence northerly and northwesterly on said northwesterly side line of Hillsdale Road on a curve to the left with a radius of 100 feet a distance of 72.98 feet to a point on said northwesterly side line of Hillsdale Road at the end of the present accepted portion of Jason Street, thence easterly by said present accepted portion of Jason Street and across said Hillsdale Road a distance of 59.0 feet more or less to a stone bound on the southeasterly side line of Hillsdale Road, thence southerly and southwesterly on said southeasterly side line of Hillsdale Road on a curve to the right with a radius of 194.3 feet a distance of 77.57 feet to a stone bound at a point of compound curve in said southeasterly side line of Hillsdale Road, thence continuing southwesterly on said southeasterly side

line of Hillsdale Road on a curve to the right with a radius of 622.25 feet a distance of 236.83 feet to a stone bound at a point of compound curve in said southeasterly side line of Hillsdale Road, thence continuing southwesterly on said southeasterly side line of Hillsdale Road on a curve to the right with a radius of 1240 feet a distance of 610.72 feet to a stone bound at a point of tangency in said southeasterly side line of Hillsdale Road, thence continuing southwesterly on said southeasterly side line of Hillsdale Road a distance of 263.25 feet to a stone bound at a point of curve in said southeasterly side line of Hillsdale Road, thence southwesterly, southerly, and southeasterly on said southeasterly side line of Hillsdale Road on a curve to the left with a radius of 40 feet a distance of 61.24 feet to the point of beginning as shown on two plans on file in the office of the Town Clerk, Arlington, Mass. both entitled: "Plan and Profile of portion of Hillsdale Road, Jason Heights, Arlington, Mass. Hor. Scale—40′=1″, Vert. Scale—6′=1″, July 1928, Whitman & Howard, Civil Engineers, 220 Devonshire St., Boston.

Article 19. To see if the Town will accept the laying out of a town way from Brookdale Road to Edgehill Road, substantially in the location of the private way known as Johnson Road, as made and filed in the office of the Town Clerk by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

First Section: Beginning at the point of intersection of the northwesterly side line of Brookdale Road and the southwesterly side line of Johnson Road, thence northeasterly, northerly and northwesterly on said southwesterly side line of Johnson Road on a curve to the left with a radius of 20.0 feet a distance of 33.05 feet to a point of tangency in said

southwesterly side line of Johnson Road, thence northwesterly on said southwesterly side line of Johnson Road a distance of 238.53 feet to a point of curve in said southwesterly side line of Johnson Road, thence northwesterly, westerly and southwesterly on said southwesterly side line of Johnson Road on a curve to the left with a radius of 20.0 feet a distance of 28.27 feet to the point of intersection of said southwesterly side line of Johnson Road and the southeasterly side line of Victoria Road, thence northeasterly on said southeasterly side line of Victoria Road a distance of 81.00 feet to the point of intersection of said southeasterly side line of Victoria Road and the northeasterly side line of Johnson Road, thence southwesterly, southerly, and southeasterly on said northeasterly side line of Johnson Road on a curve to the left with a radius of 20.0 feet a distance of 34.56 feet to a point of tangency in said northeasterly side line of Johnson Road, thence southeasterly on said northeasterly side line of Johnson Road a distance of 232.42 feet to a point of curve in said northeasterly side line of Johnson Road, thence southeasterly, easterly, and northeasterly on said northeasterly side line of Johnson Road on a curve to the left with a radius of 20.0 feet a distance of 29.78 feet to the point of intersection of said northeasterly side line of Johnson Road and the northwesterly side line of Brookdale Road, thence southwesterly on said northwesterly side line of Brookdale Road a distance of 80.27 feet to the point of beginning.

Second Section: Beginning at the point of intersection of the northwesterly side line of Victoria Road and the southwesterly side line of Johnson Road, thence northeasterly, northerly, and northwesterly on said southwesterly side line of Johnson Road on a curve to the left with a radius of 20.0 feet a distance of 34.56 feet to a point of tangency in said southwesterly side line of Johnson Road, thence northwesterly on said southwesterly side line of Johnson Road a distance of 2.55 feet to a point of curve in said southwesterly side line of Johnson Road, thence continuing northwesterly on said southwesterly side line of Johnson Road on

a curve to the left with a radius of 407.41 feet a distance of 107.88 feet to a point of tangency in said southwesterly side line of Johnson Road, thence continuing northwesterly on said southwesterly side line of Johnson Road a distance of 145.57 feet to a point of curve in said southwesterly side line of Johnson Road, thence northwesterly, westerly, and southwesterly on said southwesterly side line of Johnson Road on a curve to the left with a radius of 20.0 feet a distance of 21.98 feet to the point of intersection of said southwesterly side line of Johnson Road and the southeasterly side line of Edgehill Road, thence northeasterly on said southeasterly side line of Edgehill Road a distance of 28.08 feet to an angle point in said southeasterly side line of Edgehill Road, thence continuing northeasterly on said southeasterly side line of Edgehill Road a distance of 60.42 feet to the point of intersection of said southeasterly side line of Edgehill Road and the northeasterly side line of Johnson Road, thence southwesterly, southerly and southeasterly on said northeasterly side line of Johnson Road on a curve to the left with a radius of 25.0 feet a distance of 46.41 feet to a point of tangency in said northwesterly side line of Johnson Road, thence southeasterly on said northwesterly side line of Johnson Road a distance of 109.65 feet to a point of curve in said northwesterly side line of Johnson Road, thence continuing southeasterly on said northwesterly side line of Johnson Road on a curve to the right with a radius of 447.41 feet a distance of 118.48 feet to a point of tangency in said northeasterly side line of Johnson Road, thence continuing southeasterly on said northeasterly side line of Johnson Road a distance of 15.23 feet to a point of curve in said northeasterly side line of Johnson Road, thence southeasterly, easterly, and northeasterly on said northeasterly side line of Johnson Road on a curve to the left with a radius of 20.0 feet a distance of 28.27 feet to the point of intersection of said northeasterly side line of Johnson Road, and the northwesterly side line of Victoria Road, thence southwesterly on said northwesterly side line of Victoria Road a distance of 81.00 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass.

entitled: "Street plan, Johnson Road, Arlington, Mass., Hor. Scale 1 in. = 40 ft., Ver. scale 1 in. = 6 ft., February 29, 1928, Fred A. Joyce, surveyor, Belmont."

Article 20. To see if the Town will accept the laying out of a town way from Margaret Street to Burch Street, substantially in the location of the private way known as Osborne Road, as made and filed in the office of the Town Clerk by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the westerly side line of Margaret Street and the southerly side line of Osborne Road, thence northwesterly and westerly on said southerly side line of Osborne Road on a curve to the left with a radius of 25.0 feet a distance of 37.52 feet to a point of tangency in said southerly side line of Osborne Road, thence westerly on said southerly side line of Osborne Road a distance of 224.88 feet to a point of curve in said southerly side line of Osborne Road, thence southwesterly and southerly on said southerly side line of Osborne Road on a curve to the left with a radius of 25.0 feet a distance of 41.02 feet to the point of intersection of said southerly side line of Osborne Road and the easterly side line of Burch Street, thence northerly on said easterly side line of Burch Street a distance of 90.22 feet to the point of intersection of said easterly side line of Burch Street and the northerly side line of Osborne Road, thence southeasterly and easterly on said northerly side line of Osborne Road on a curve to the left with a radius of 25.0 feet a distance of 37.52 feet to a point of tangency in said northerly side line of Osborne Road, thence easterly on said northerly side line of Osborne Road a distance of 224.88 feet to a point of curve in said

northerly side line of Osborne Road, thence northeasterly and northerly on said northerly side line of Osborne Road on a curve to the left with a radius of 25.0 feet a distance of 41.02 feet to the point of intersection of said northerly side line of Osborne Road and the westerly side line of Margaret Street, thence southerly on said westerly side line of Margaret Street a distance of 90.22 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled: "Plan and Profile, Osborne Road, for Herbert F. Allen, Arlington, Mass., scales: Hor. 40′=1″, Vert. 6′=1″, Oct. 1925, C. H. Gannett, C. E., 53 State St., Boston."

Article 21. To see if the Town will accept the laying out of a town way from Edgehill Road to Victoria Road, substantially in the location of the private way known as Radcliffe Road, as made and filed in the office of the Town Clerk by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the northwesterly side line of Victoria Road and the southwesterly side line of Radcliffe Road, thence northeasterly, northerly and northwesterly on said southwesterly side line of Radcliffe Road on a curve to the left with a radius of 25.0 feet a distance of 45.29 feet to a point of tangency in said southwesterly side line of Radcliffe Road, thence northwesterly on said southwesterly side line of Radcliffe Road a distance of 265.96 feet to a point of curve in said southwesterly side line of Radcliffe Road, thence northwesterly, westerly and southwesterly on said southwesterly side line of Radcliffe Road on a curve to the left with a radius of 20.0 feet a distance of 29.33 feet to the point of intersection of said south-

westerly side line of Radcliffe Road and the southeasterly side line of Edgehill Road, thence northeasterly on said southeasterly side line of Edgehill Road a distance of 80.44 feet to the point of intersection of said southeasterly side line of Edgehill Road and the northeasterly side line of Radcliffe Road, thence southwesterly, southerly and southeasterly on said northeasterly side line of Radcliffe Road on a curve to the left with a radius of 20.0 feet a distance of 33.50 feet to a point of tangency in said northeasterly side line of Radcliffe Road, thence southeasterly on said northeasterly side line of Radcliffe Road a distance of 283.61 feet to a point of curve in said northeasterly side line of Radcliffe Road, thence southeasterly, easterly, and northeasterly on said northeasterly side line of Radcliffe Road on a curve to the left with a radius of 20.0 feet a distance of 26.60 feet to the point of intersection of said northeasterly side line of Radcliffe Road and the northwesterly side line of Victoria Road, thence southwesterly on said northwesterly side line of Victoria Road a distance of 88.76 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled: "Street plan Radcliffe Road, Arlington, Mass., Hor. scale 1″=40′, Ver. scale 1″=6′, February 29, 1928, Fred A. Joyce, Surveyor, Belmont."

Article 22. To see if the Town will accept the laying out of a town way from Harlow Street to Tufts Street, substantially in the location of the private way known as Raleigh Street as made and filed in the office of the Town Clerk by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

First Section: Beginning at the point of intersection

of the northwesterly side line of Harlow Street and the southwesterly side line of Raleigh Street, thence northwesterly on said southwesterly side line of Raleigh Street a distance of 230.07 feet to a point of curve in said southwesterly side line of Raleigh Street, thence northwesterly, westerly, and southwesterly on said southwesterly side line of Raleigh Street on a curve to the left with a radius of 25.0 feet a distance of 39.25 feet to the point of intersection of said southwesterly side line of Raleigh Street and the southeasterly side line of Bates Road, thence northeasterly on said southeasterly side line of Bates Road a distance of 90.0 feet to the point of intersection of said southeasterly side line of Bates Road and the northeasterly side line of Raleigh Street, thence southwesterly, westerly, and southeasterly on a curve to the left with a radius of 25.0 feet a distance of 39.25 feet to a point of tangency in said northeasterly side line of Raleigh Street, thence southeasterly on said northeasterly side line of Raleigh Street a distance of 229.49 feet to the point of intersection of said northeasterly side line of Raleigh Street and the northwesterly side line of Harlow Street, thence southwesterly on said northwesterly side line of Harlow Street a distance of 40.00 feet to the point of beginning.

Second Section: Beginning at the point of intersection of the northwesterly side line of Bates Road and the southwesterly side line of Raleigh Street thence northeasterly, northerly, and northwesterly on said southwesterly side line of Raleigh Street on a curve to the left with a radius of 25.0 feet a distance of 39.25 feet to a point of tangency in said southwesterly side line of Raleigh Street, thence northwesterly on said southwesterly side line of Raleigh Street a distance of 150.0 feet to a point of curve in said southwesterly side line of Raleigh Street, thence northwesterly, westerly, and southwesterly on said southwesterly side line of Raleigh Street on a curve to the left with a radius of 25.0 feet a distance of 39.25 feet to the point of intersection of said southwesterly side line of Raleigh Street and the southeasterly side line of Tufts Street, thence northeasterly on

said southeasterly side line of Tufts Street a distance of 90.0 feet to the point of intersection of said southeasterly side line of Tufts Street and the northeasterly side line of Raleigh Street, thence southwesterly, southerly, and southeasterly on said northeasterly side line of Raleigh Street on a curve to the left with a radius of 25.0 feet a distance of 39.25 feet to a point of tangency in said northeasterly side line of Raleigh Street, thence southeasterly on said northeasterly side line of Raleigh Street a distance of 150.0 feet to a point of curve in said northeasterly side line of Raleigh Street, thence southeasterly, easterly, and northeasterly on said northeasterly side line of Raleigh Street on a curve to the left with a radius of 25.0 feet a distance of 39.25 feet to the point of intersection of said northeasterly side line of Raleigh Street and the northwesterly side line of Bates Road, thence southwesterly on said northwesterly side line of Bates Road a distance of 90.0 feet to the point of beginning; both sections as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled: "Board of Survey Plan and Profile of Raleigh St. Extn., Arlington, Mass. as petitioned for by J. H. Murray Construction Corpn. Hor. Scale 1″=40′, Ver. Scale 1″=6′, from surveys by Charles Fuller Whitney, Engineer of Real Estate, Boston, Mass., October 1936."

Article 23. To see if the Town will accept the laying out of a town way from Gloucester Street to Gray Street, substantially in the location of the private way known as Scituate Street, as made and filed in the office of the Town Clerk by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the southwest-

erly side line of Gloucester Street and the southeasterly side line of Scituate Street, thence southwesterly on said southeasterly side line of Scituate Street a distance of 579.68 feet to the point of intersection of said southeasterly side line of Scituate Street and the northeasterly side line of Gray Street, thence northwesterly on said northeasterly side line of Gray Street a distance of 40.48 feet to the point of intersection of said northeasterly side line of Gray Street and the northwesterly side line of Scituate Street, thence northeasterly on said northwesterly side line of Scituate Street a distance of 586.75 feet to the point of intersection of said northwesterly side line of Scituate Street and the southwesterly side line of Gloucester Street, thence southeasterly on said southwesterly side line of Gloucester Street a distance of 40.0 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled: "Plan and Profile, Scituate Street, Arlington, Massachusetts, showing lines and grades. Scales—40′ and 6′=1″, Sept. 9, 1905 Robert W. Pond, Town Engineer.

Article 24. To see if the Town will accept the laying out of a town way from Highland Avenue to Wall Street, substantially in the location of the private way known as Spring Street, as made and filed in the office of the Town Clerk by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Southwesterly Side: Beginning at the point of intersection of the southeasterly side line of Wall Street and the southwesterly side line of Spring Street, thence northwesterly on said southwesterly side line of Spring Street a distance of 281 feet more or less to the point of intersection of the southwesterly side line of the present accepted por-

tion of Spring Street and the southwesterly side line of Eastern Avenue, thence southeasterly on said southwesterly side line of the present accepted portion of Spring Street a distance of 275 feet more or less to the point of intersection of said southwesterly side line of the present accepted portion of Spring Street and the northeasterly side line of the present unaccepted portion of Spring Street, thence southeasterly on said northeasterly side line of the present unaccepted portion of Spring Street a distance of 10.0 feet more or less to a point on said northeasterly side line of the unaccepted portion of Spring Street, thence southwesterly across said unaccepted portion of Spring Street a distance of 50.0 feet to the point of beginning.

Northeasterly Side: Beginning at the point of intersection of the northeasterly side line of the present accepted portion of Spring Street and the southeasterly side line of Highland Avenue, thence northeasterly on said southeasterly side line of Highland Avenue a distance of 32.52 feet to a point on said southeasterly side line of Highland Avenue at lot 14, thence southwesterly, southerly, and southeasterly through said lot 14 on a curve to the left with a radius of 20.0 feet a distance of 34.69 feet to a point of tangency in said lot 14, thence southeasterly through said lot 14 a distance of 29.24 feet to a point on the northeasterly side line of the present accepted portion of Spring Street, thence northwesterly on said northeasterly side line of the present accepted portion of Spring Street a distance of 55.11 feet to the point of beginning; both sections as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled: "Board of Survey plan and profile of Spring Street, Arlington, Mass., scales, Hor. 1″=40′ Vert. 1″=6′, April 15, 1921, Geo. E. Ahern, Town Engineer."

Article 25. To see if the Town will accept the laying out of a town way from Spring Street to Arlmont Street, substantially in the location of the private way known as Wall Street, as made and filed in the office of the Town Clerk by the Joint Board of Selectmen and Board of Public

Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the southwesterly side line of Spring Street and the southeasterly side line of Wall Street, thence northwesterly, westerly and southwesterly on said southeasterly side line of Wall Street on a curve to the left with a radius of 25.0 feet a distance of 43.01 feet to a point of tangency in said southeasterly side line of Wall Street, thence southwesterly on said southeasterly side line of Wall Street a distance of 381.56 feet to a point of curve in said southeasterly side line of Wall Street, thence southwesterly, southerly, and southeasterly on said southeasterly side line of Wall Street on a curve to the left with a radius of 25.0 feet a distance of 44.39 feet to the point of intersection of said southeasterly side line of Wall Street and the northeasterly side line of Arlmont Street, thence northwesterly on said northeasterly side line of Arlmont Street a distance of 86.59 feet to the point of intersection of said northeasterly side line of Arlmont Street and the northwesterly side line of Wall Street, thence southeasterly, easterly and northeasterly on said northwesterly side line of Wall Street on a curve to the left with a radius of 18.45 feet a distance of 25.19 feet to a point of tangency in said northwesterly side line of Wall Street, thence northeasterly on said northwesterly side line of Wall Street a distance of 425.31 feet to a point of curve in said northwesterly side line of Wall Street, thence northeasterly, northerly and northwesterly on a curve to the left with a radius of 17.86 feet a distance of 25.38 feet to the point of intersection of said northwesterly side line of Wall Street and the southwesterly side line of Spring Street, thence southeasterly on said southwesterly side line of Spring Street a distance of 84.88 feet to the point of beginning as shown on a

plan on file in the office of the Town Clerk, Arlington, Mass. entitled: "Plan and profile of Wall St., Arlington, Mass. petitioned for by Edgar C. Linn, 1352 Beacon St., Brookline, Hor. 40′=1″, Ver. 6′=1″, Aug. 1918, H. A. Millhouse, C. E., 114 State St."

Article 26. To see if the Town will accept the laying out of a town way from its present end to Lowell Street, substantially in the location of the private way known as West Court Terrace, as made and filed in the office of the Town Clerk by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessments of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

The necessary ballots prepared for each precinct and all other paraphernalia for the proper conduct of the election was supplied by the Town Clerk and turned over to the officers of the various precincts.

The polls were declared open in each precinct at seven o'clock in the morning and remained open until eight o'clock

in the evening at which time, after due notice, they were declared closed.

The ballots were counted by the election officers and encased in boxes, which were locked and sealed, and the same were delivered by direction of the Town Clerk to the Police Station where they were placed under police guard until after the expiration of the time within which a petition for recount might be filed.

The returns and keys to ballot boxes from each precinct were turned over to the Town Clerk and with the assistance of the Registrars of Voters the returns were canvassed and the result announced.

All ballots, used and unused tally sheets, total tally sheets, copy of Precinct Records of Election, and all other records pertaining to the election were placed in the possession of the Town Clerk, to be preserved for the period required by law.

A true record of the election, Attest:

EARL A. RYDER,
Town Clerk.

ANNUAL MEETING

Arlington, March 11, 1942.

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town by a Constable of said Town, notices having been sent by mail by the Town Clerk seven days before the day of meeting to the Town Meeting Members elected and qualified to act in Town Meetings, in Arlington, and advertised in two local papers, the Town Meeting Members met in Robbins Memorial Town Hall in said Town on Wednesday, March 11, 1942 at eight o'clock in the evening.

Lists containing the names of two hundred and fifty-three qualified Town Meeting Members were used at the entrance to the meeting place and were in charge of Philip T. Robinson and James E. Sweeney; they were filed with the Town Clerk at the close of the meeting, and showed that one hundred and ninety-five members attended.

The Moderator called the meeting to order at 8:10 P.M.

The Moderator introduced Mr. Doucette, of the Defense Committee, who requested that persons willing to canvass the Town to secure pledges to purchase Defense Bonds and Stamps send their names to the Town Clerk or Mr. Mansfield of The News.

Town Meeting Members not previously sworn were sworn by the Moderator.

Mr. Davis, Chairman of the Board of Selectmen, requested that Mr. Estabrook and Mr. Adams of the Board of Selectmen; the Secretary of the Board of Selectmen, Mr.

Golden; Mr. Smith of the Board of Public Works, and Mr. Young and Mr. Sorenson of the Finance Committee, be permitted to sit with him. There being no objection the Moderator granted his request.

The Town Clerk read the Call and the Constable's Return of the Warrant, the reading of the remainder of the Warrant being waived by consent of the meeting.

On motion of Mr. Davis, duly seconded, it was unanimously

Voted: That if all the business of the meeting as set forth in the Warrant is not disposed of at this session, when the meeting adjourns, it adjourn to Friday evening, March 13, 1942 at 8 o'clock.

On motion of Mr. Davis, duly seconded, it was unanimously

Voted: That Article 2 be taken up.

Article 2 taken up (Choice of Other Town Officers).

On motion of Mr. Davis, duly seconded, it was unanimously

Voted: That the following be appointed Measurers of Wood and Bark.

Arthur B. Peirce
Charles E. Hale
Patrick F. Brosnahan

There being no further business under Article 2 the Moderator declared it disposed of.

Article 3 taken up. (Reports of Selectmen, other Town Officers and Committees.)

On motion of Mr. Davis, duly seconded, it was unanimously

Voted: That the reports of the Selectmen and of the various Town Officers and the committees heretofore appointed, together with the statistics of the Assessors as printed in the Town Report, be received.

On motion of Mr. Ring, duly seconded, it was unanimously

Voted: That the report of the Finance Committee as presented in its printed form be received.

On motion of Mr. Ring, duly seconded, it was unanimously

Voted: That Article 3 be laid on the table.

On motion of Mr. Ring, duly seconded, it was unanimously

Voted: That the remaining articles in the Warrant be now taken up separately in the order in which they appear in said Warrant, except that Articles 6 and 7 of said Warrant be considered and voted upon immediately following the disposal of Article 4 of said Warrant, and that the recommendations of the Finance Committee under said articles as presented in their printed report be considered as now before the meeting, to be voted upon without further motion, separately, under the respective articles as they appear in said report.

Article 4 taken up. (Assessment for County Hospital, Principal, Interest, Care, etc.)

On motion, duly made and seconded it was unanimously

Voted: That the sum of ten thousand (10,000) dollars

be and hereby is appropriated to pay the Town's share of the principal of the Middlesex County Tuberculosis Hospital (now known as the Middlesex County Sanatorium) Funding Loan, Acts of 1932 bonds maturing in 1942; that the further sum of two hundred twelve and 50/100 (212.50) dollars be and hereby is appropriated on account of interest and other charges thereof; that the further sum of fifteen thousand two hundred seventy-nine and 70/100 (15,279.70) dollars be and hereby is appropriated for the Town's share of the net cost of care, maintenance, and repairs of the Middlesex County Hospital, including interest on temporary notes issued thereof, in accordance with sections of Chapter III of the General Laws applicable thereto, and expenses under Section 25 G (6) (a) of Chapter 32 of the General Laws inserted by Chapter 400 of the Acts of 1936: and that said sums totaling twenty-five thousand four hundred ninety-two and 20/100 (25,492.20) dollars be raised by general tax and expended under the direction of the Board of Selectmen.

There being no further business under Article 4 the Moderator declared it disposed of.

Article 6 taken up. (Special Compensation for Town Officers and Employees.)

On motion, duly made and seconded, it was unanimously

Voted: That the sum of sixty-nine thousand four hundred fifty-two (69,452.00) dollars be and hereby is appropriated to provide special compensation as a temporary measure for the year 1942 for the employees of the Town, including school-teachers, other than elected and appointed officers of the Town, receiving salary or wages at the rate of less than $2,290 a year for full time service, so that each said employee in the employ of the Town on January 1, 1942, whose salary or compensation is at a rate of $1,600 a year or less may receive in addition thereto, in quarterly payments, an amount or amounts equal to $150, but in no

case shall the amount paid hereunder increase the total compensation of any such employee to an amount in excess of $1,700; and so that each said employee in the employ of the Town on January 1, 1942 whose salary or compensation is at a rate of more than $1,600 a year and less than $2,290 a year may receive in addition thereto, in quarterly payments, an amount or amounts equal to $100 but in no case shall the amount paid hereunder increase the total compensation of any such employee to an amount in excess of $2,290 a year; said total sum to be raised by general tax and expended under the direction of the respective department heads as follows:

Board of Selectmen	$300.00
Town Accountant	150.00

Robbins Library and Branches	1,900.00
Cemeteries	1,310.00
Public Parks Department	262.00
	$69,452.00

There being no further business under Article 6 the Moderator declared it disposed of.

Mr. Harris gave notice that he would ask for reconsideration of Article 6 and the Moderator instructed the Clerk to make note thereof.

Article 7 taken up. (Wages of Employees of the Public Works Department.)

The Finance Committee recommended the following:

That no appropriation be made under Article 7 of the Warrant.

Mr. Harris offered the following substitute motion, which the Moderator ruled out of order.
Sanitary Division (Bd. of Pub. Works)

Personal services: Foreman	$2,034.50
Removal of Ashes, Offal and Rubbish:	
Wages, Equipment and Material	113,500.00
	$115,534.50

Note: The additional sum of $15,500 above that of the Finance Committee recommendation is to go to salary increases as follows:

$11,564.00	for 112	employees rated at $5.00	per day
2,772.00	for 24	employees rated at $5.50	per day
1,164.00	for 9	employees rated at various wages.	

On motion, duly made and seconded, it was

Voted: That no appropriation be made under Article 7 of the Warrant.

There being no further business under Article 7 the Moderator declared it disposed of.

Article 5 taken up. (Town Outlays and Expenses.)

The Finance Committee recommends that sums be appropriated to defray Town outlays and expenses for the year 1942, to be raised by general tax except as otherwise specifically voted, and expended, and the disposal of personal property be authorized, all under the direction of the respective department heads as follows:

GENERAL GOVERNMENT

1. Finance Committee (Finance Committee)

Voted: (Unanimously)
Personal Services:

	$ 2,326.35

Assistant Treasurer

Jan. 1, 1942 to March 2, 1942	$ 250.00
March 2, 1942 to Dec. 31, 1942	1,655.90
	$ 1,905.90

There was much discussion. The previous question was moved, seconded and duly carried. The Moderator called for a vote on the substitute motion, and being in doubt as to the result asked for a standing vote. The Tellers, Messrs. Donovan, McManus and Powell reported eighty-five (85) voting YES and eight-six (86) voting NO, and the Moderator declared the motion lost.

Thereupon on motion duly made and seconded it was Voted:

Personal Services	$	3,901.05
Expenses		1,220.00
	$	5,121.05

Note: Personal Services:

Treasurer

Jan. 1, 1942 to March 2, 1942	$	422.05
March 2, 1942 to Dec. 31, 1942		1,573.10
	$	1,995.15

Assistant Treasurer

March 2, 1942 to Dec. 31, 1942		1,655.90
	$	1,905.90

Mr. Cutler filed notice with the Moderator that he would ask for reconsideration of item 5 and the Moderator instructed the Clerk to make note thereof.

6. Collector of Taxes (Town Treasurer)

Personal Services:

Collector	$	2,175.25
Clerks		6,750.00
Expenses		2,050.00
	$	10,975.25

Note: Personal Services:

Collector:

Jan. 1, 1942 to March 2, 1942	$	602.15

Expenses	470.00
	$ 6,270.00

10. Board of Public Works (Board of Public Works)

Voted: (Unanimously)

General Administration

Personal Services

Chairman of the Board	$ 800.00
Other Board Members $600 each	1,200.00
Head Clerk-Secretary	3,120.00
Superintendent of Public Works	3,900.00
Timekeeper	1,721.50
Stockkeeper	1,721.50
Other Clerks	4,955.84
Expenses	1,500.00
	$ 18,918.84

Note: In 1941, the Board of Public Works requested and were granted an additional appropriation under "Personal Services" for the purpose of adding to their clerical force a Record and Statistical Clerk. Such a clerk was not hired; thus a surplus was available in the "Personal Services" account. From this surplus, the Board granted raises to two clerks whose work falls under this General Administration Account (No. 10), and also to a third clerk whose regular salary is charged to Water Maintenance (No. 42). While this procedure is entirely legal your committee feel that funds which are not used for the purpose for which they are requested or designated should be returned to the Town Treasury; most especially is this true with regard to obligating the Town for the future, as is done by granting an increase to Civil Service employees, without specific vote of the Town.

11. Engineering (Joint Board of Selectmen and Board of Public Works)

Voted **(Unanimously)**,

Personal Services:

Town Engineer	$ 3,900.00
Other Engineers	23,736.00

Clerk	728.00
Expenses	1,985.40
Capital Outlay—

	$ 31,459.40

12. Elections and Town Meetings (Board of Selectmen)

Voted: (Unanimously)

Personal Services:

Registrars, 3 @ $200.00 each	$ 600.00
Assistant Registrars and Others	2,250.00
Election Officers	4,500.00
Other Service	1,076.00
Expenses	4,725.00
Outlay	185.00
	$ 13,336.00

13. Planning Board (Planning Board)

Voted: (Unanimously)

Personal Services:

Chairman	$ 50.00
Secretary	50.00
Expenses	500.00
	$ 600.00

14. Board of Survey (Joint Board of Selectmen and Board of Public Works)

Voted: (Unanimously)

Personal Services:

Secretary of Board	$ 800.00
Clerk	728.00

Constable Service	325.00
Expenses	215.00
	$ 2,068.00

15. Robbins Memorial Town Hall (Board of Selectmen)

Voted: (Unanimously)

Personal Services:

Superintendent	$ 2,600.00
Janitor	1,950.00
Others	1,250.00
Expenses	5,067.00
Outlay	500.00

Maintenance of Grounds

Personal Services:

Superintendent	170.00
Others	2,276.00
Expenses	392.00
Capital Outlay	220.00
	$ 14,425.00

Note: The item of $500 under Outlay is for the construction of more adequate facilities for the storage of the Town Clerk's records. The present room does not furnish adequate fire protection and the office of the Secretary of State has requested the Town to provide more suitable space.

PROTECTION OF PERSONS AND PROPERTY

The Finance Committee recommended the following.

16. Police Department (Board of Selectmen)

Personal Services:

Chief	$ 3,500.00

Officers	21,200.00
Patrolmen	97,272.50
Clerk	1,300.00
Others	4,445.00
Maintenance, Materials and Expenses	11,199.00
	$138,916.50

Note: The Board of Selectmen, after consulting with the Finance Committee deemed advisable the appointment of three additional permanent men to this Department late in 1941. This removes the last men from the old reserve list and represents the first increase in personnel since 1932. See also note under No. 31.

Mr. Murphy offered the following substitute motion.

I move to amend Article 5, paragraph 16, by striking out under 1942 recommendation for Personal Services the following:

Under Chief $3,500.00 and substituting therefor the sum of $3,675.00.

Under Officers $21,200.00 and substituting therefor the sum of $22,260.00.

Under Patrolmen the sum of $97,272.50 and substituting therefor the sum of $102,136.12.

Under Total $138,916.50 and substituting therefor the sum of $145,015.12; so that the vote as amended shall read

16. Police Department (Board of Selectmen)

1942 recommendation

Personal Services:

Chief	$ 3,675.00
Officers	22,260.00

Patrolmen	102,136.12
Clerk	1,300.00
Others	4,445.00
Maintenance, Materials and Expenses	11,199.00
	$145,015.12

A vote being taken the Moderator declared the motion lost. Mr. Murphy requested a standing vote which was taken and resulted in fifty-two (52) voting YES and one hundred (100) voting NO, and the Moderator declared the motion lost.

Thereupon, on motion duly made and seconded, it was Voted:

Personal Services:

Chief	$ 3,500.00
Officers	21,200.00
Patrolmen	97,272.50
Clerk	1,300.00
Others	4,445.00
Maintenance, Materials and Expenses	11,199.00
	$138,916.50

17. Fire Department (Board of Selectmen)

Voted: (Unanimously)

Personal Services:

Chief	$ 3,500.00
Officers	34,400.00
Privates	76,385.75
Others	1,392.00
4 men from May 1, 1942	4,900.00
Maintenance:	
Materials and Expenses	8,250.00

Capital Outlay:

Hose	530.00
New Appliances	300.00
New Furnishings and Equipment	100.00
Automobile	1,200.00
Chassis for Special Service	3,500.00
	$134,457.75

Note: The increase of personnel is deemed advisable in order to bring the department strength up to a number adequate to man its equipment and to meet its obligations to other communities under the mutual aid agreement.

This is the first increase in personnel since 1931.

17a. Fire and Police Signals (Board of Selectmen)

Voted: (Unanimously)

Expenses	$ 490.00
Maintenance of System	1,000.00

Capital Outlay:

Fire Alarm Boxes	875.00
Installing Fire Alarm Boxes	600.00
Police Boxes	210.00
Installing Police Boxes	100.00
	$ 3,275.00

18. Building, Plumbing, and Gas Inspection

(Board of Selectmen)

Voted: (Unanimously)

Personal Services:

Inspector of Buildings	$ 2,800.00
Inspector of Plumbing and Gas	2,750.00

Clerk	1,560.00
Extra Clerk	50.00
Expenses	605.00
	$ 7,765.00

19. Wire Department (Joint Board of Selectmen and Board of Public Works)

Voted: (Unanimously)

Personal Services:

Inspector of Wires	$ 2,800.00
Expenses	515.00
	$ 3,315.00

20. Sealer of Weights and Measures (Board of Selectmen)

Voted: (Unanimously)

Salary of Sealer	$ 2,600.00
Expenses	470.00
	$ 3,070.00

21. Gypsy and Brown Tail Moth Suppression (Board of Selectmen)

Voted: (Unanimously)

Personal Services:

Superintendent	$ 2,035.00
Wages	3,070.00
Material and Expenses	1,540.00
Spraying Park Property:	
Labor	325.00
Expenses	175.00
	$ 7,145.00

Note: At the request of the Board of Selectmen the Moth Department (No. 21) and the Tree Warden's Department (No. 22) have been completely separated so that there no longer exists the over-lapping of salaries and wages under Personal Services.

The Finance Committee recommended the following.

22. Tree Warden (Tree Warden)

Personal Services:

Tree Warden	$	750.00
Wages		2,915.00
Expenses		480.00
Capital Outlay:		
Trees and Loam		900.00
	$	5,045.00

Mr. Holian offered the following substitute motion.

22. Tree Warden (Tree Warden)

Personal Services:

Tree Warden	$	1,530.00
Wages		2,915.00
Expenses		480.00
Capital Outlay:		
Trees and Loam		900.00
	$	5,825.00

A vote being taken and the chair being in doubt as to the result called for a standing vote with the result that seventy (70) voted YES and seventy-three (73) voted NO, and the Moderator declared the motion lost.

Thereupon on motion duly made and seconded it was Voted:

Personal Services:		
Tree Warden	$	750.00

Wages	2,915.00
Expenses	480.00
Capital Outlay:	
Trees and Loam	900.00
	$ 5,045.00

Mr. Beecy notified the Moderator that he would ask for reconsideration of item No. 22 and the Moderator instructed the Clerk to make note thereof.

HEALTH AND SANITATION

23. Board of Health (Board of Health)

Voted: (Unanimously)

Personal Services:

Salaries of Board	$ 750.00
Agent	2,775.00
Office Clerk	1,248.00
Dentist	1,600.00
Nurse	1,700.00
Others	1,220.00
Materials and Expenses	2,500.00
Communicable Diseases	18,500.00
	$ 30,293.00

24. Vital Statistics (Town Clerk)

Voted: (Unanimously)

Vital Statistics	$ 200.00

25. Inspector of Animals (Board of Selectmen)

Voted: (Unanimously)

Inspector of Animals	$ 500.00

26. Sewer Maintenance (Board of Public Works)

Voted: (Unanimously)

Maintenance of Sewerage System .....$ 7,000.00

The Finance Committee recommended the following:

27. Sanitary Division (Board of Public Works)

Personal Services: Foreman .....$ 2,034.50
Removal of Ashes, Offal and Rubbish:
Wages, Equipment and Material 98,000.00

$100,034.50

Note: The recommendation for Personal Services, foreman, is to bring the salary of this foreman in line with the salary of other foremen in the Public Works Department. The salaries of other foremen having been increased 50c per day by the Board of Public Works during 1941.

With reference to the Removal of Ashes, Offal and Rubbish, it would not be fair to make a comparison of a four year average from 1938 through 1941, as an increase in wages granted in 1940 by Special Warrant Article would not appear in the figures of this department for 1938, 1939, and 1940. If this increase was estimated for the period in question and present dump rental of $3,500 annually was used, a four year average through 1938-1941 would approximate $96,700.00 annually. In view of the Town's growth, this year's recommendation of $98,000.00 would not appear out of proportion, taking into consideration that $99,388.10 was expended during 1941. With additional new trucks of the compressor type, it is felt that more efficient work, at a slightly lower cost, can be expected.

Mr. Harris offered the following substitute motion.

27. Sanitary Division (Board of Public Works)
Personal Services: Foreman .....$ 2,034.50

Removal of Ashes, Offal and Rubbish:

Wages, Equipment and Material 113,500.00

$115,534.50

and on being put to a vote the Moderator declared the motion lost.

Thereupon on motion duly made and seconded, it was Voted:

Personal Services: Foreman .....$ 2,034.50
Removal of Ashes, Offal and Rubbish:
Wages, Equipment and Material 98,000.00

$100,034.50

HIGHWAY MAINTENANCE AND REPAIRS

28. Division of Highways and Bridges

(Board of Public Works)

Voted: (Unanimously)

Maintenance of Highways and Bridges .....$ 86,908.34

28a. Highways and Bridges (Board of Public Works)

Voted: (Unanimously)

Capital Outlay:

2-Heavy Duty Trucks @ $4,750.00 each	$9,500.00	
Allowance on 2 old Trucks	375.00	
		$ 9,125.00
1-Typewriter		102.00
1-Portable Adding Machine		166.50
1-3 inch Diaphram Pump		350.00
		$ 9,743.50

Note: This item is in line with the recommendation of Advanced Program and Planning Committee appointed by the Board of Selectmen during 1941.

29. Removal of Snow and Ice (Board of Public Works)

See Article 12 of the Warrant.

30. Street Lighting (Joint Board of Selectmen and Board of Public Works).

Voted: (Unanimously)

Street Lighting	$ 51,769.95

31. Traffic Signals (Board of Selectmen)

Voted: (Unanimously)

Personal Services:

Maintenance Man	$ 1,690.00
Assistant Maintenance Man	975.00
Material and Expenses	2,600.00
Capital Outlay:	
Pedestrian Actuated Traffic Control	600.00
	$ 5,865.00

Note: There has previously been in the Police Department Budget (No. 16) an Electrician for whom there was appropriated $2,190.00 in 1941. This item is no longer in No. 16 but appears above (No. 31) as an increase in the salary of the Maintenance Man and a new man (previously supplied from unemployed) as Assistant Maintenance Man. The Electrician (No. 16) was formerly Chief Maintenance Man in this Department. This change effects a total reduction of $1,085.00 from the previous salaries of Electrician (No. 16) and Maintenance Man (No. 31) in these two budgets.

CHARITIES AND SOLDIERS' BENEFITS

The Finance Committee recommended the following:

32. Public Welfare (Board of Selectmen)

Personal Services:

Agent	$ 1,800.00
Clerks and Others	8,595.84
Town Physician	600.00
Expenses	1,555.00
Aid	80,000.00
	$ 92,550.84

Mr. Harris offered the following substitute motion

32. Public Welfare (Board of Selectmen)

Agent	$ 1,900.00
Clerks and Others	9,427.84
Town Physician	600.00
Expenses	1,555.00
Aid	80,000.00
	$ 93,482.84

which on being put to a vote the Moderator declared lost.

Thereupon on motion duly made and seconded, it was Voted:

Personal Services:

Agent	$ 1,800.00
Clerks and Others	8,595.84
Town Physician	600.00
Expenses	1,555.00
Aid	80,000.00
	$ 92,550.84

Aid to Dependent Children (Board of Selectmen).

Voted (Unanimously)

Personal Services:

Agent	$ 300.00
Clerks and Others	1,608.00
Expenses	172.00
Aid	45,000.00
	$ 47,080.00

33. Old Age Assistance (Board of Selectmen)

Voted: (Unanimously)

Personal Services:

Agent	$ 900.00
Clerks and Others	4,770.00
Expenses	598.00
Aid	100,000.00
	$106,268.00

Note: On April 30, 1942, the minimum payment under Old Age Assistance is increased by statute from $30 to $40 per month. While the Federal Government will contribute one-half of this increase, it results in a major increase in the contribution required by the Town. In addition to this fact, the trend is still upward in the number of cases and the anticipated increase is between 9 and 10 per cent.

The Finance Committee recommended the following:

That the sum of thirty thousand (30,000) dollars be

and hereby is appropriated for the laying and construction of a water main supply line for the purpose of connecting the projected Turkey Hill pressure water main of the Metropolitan District Commission with the town's water main supply line at Old Middlesex Path.

Note: The recommendation of $30,000.00 is based on cost of material at $10,000.00 and labor at $20,000.00. This would allow labor at approximately $5.40 a foot (3,700 feet) and labor and material at approximately $8.10 a foot. It is the opinion of outside engineers that the amount recommended is sufficient. Also, in referring to previous Town Reports covering extensions of various Public Works Department projects, it would appear that the amount recommended would be adequate.

Mr. Ring offered the following amendment:

said sum to be raised by general tax and expended under the direction of the Board of Public Works.
which on being put to a vote the Moderator declared carried, and thereupon on motion, duly made and seconded, it was

Voted: That the sum of thirty thousand (30.000) dollars be and hereby is appropriated for the laying and construction of a water main supply line for the purpose of connecting the projected Turkey Hill pressure water main of the Metropolitan District Commission with the town's water main supply line at Old Middlesex Path, said sum to be raised by general tax and expended under the direction of the Board of Public Works.

Personal Services	$ 9,562.00
Wages, Material and Expenses	41,037.00
	$50,599.00

There being no further business under Article 34 the Moderator declared it disposed of.

Article 35 taken up. (Claims or Charges of Symmes Arlington Hospital.)

The Finance Committee recommended the following:

That the sum of eight thousand six hundred sixty-one and 47/100 (8,661.47) dollars be and hereby is appropriated to pay claims and charges of Symmes Arlington Hospital, including such claims and charges for aid, relief or care furnished prior to January 1, 1942, to persons falling into distress and standing in need of immediate relief; said sum to be raised by general tax and expended under the direction of the Board of Selectmen.

Mr. Davis offered the following substitute motion,

That the motion under Article 35 be amended by substituting the sum of $8,226.37 for the sum of $8,661.47, as recommended by the Finance Committee so that the motion will read as follows:

That the sum of $8,226.37 be and hereby is appropriated to pay claims and charges of Symmes Arlington Hospital, including such claims and charges for aid, relief or care furnished prior to January 1, 1942, to persons falling into distress and standing in need of immediate relief; said sum to be raised by general tax and expended under the direction of the Board of Selectmen and

All laws governing Primary Elections were observed. The polls were declared open in the precincts at seven o'clock A. M. and remained open until eight o'clock P. M., at which time after due notice they were declared closed.

The ballots were counted by the election officers in the voting places, the tally sheets and total tally sheets prepared by the Town Clerk being used.

The ballots after being counted were sealed in their envelopes, placed in their respective boxes, locked and sealed and by direction of the Town Clerk were returned to the vault at the Police Station to be preserved during the time required by law.

Messrs. Clarence Needham, Timothy J. Buckley, and

Arthur P. Wyman assisted the Town Clerk in canvassing the returns as made by the election officers. The result was as follows:

Whole number of votes cast	2,897
Republican votes cast	1,956
Democratic votes cast	941

All the above to be voted for on one ballot. The polls will be open from 7 A. M. until 8 o'clock P. M. and you will notify and warn the voters of the Town of Arlington to meet at the times and places herein specified by leaving at every dwelling house in the Town a printed copy of this Warrant and also by posting a copy of the same at the doors of the Town Hall and in a conspicuous place in each of the fourteen precincts of the Town seven days, at least, prior to the time of said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands in said Arlington, this nineteenth day of October in the year of our Lord, one thousand nine hundred and forty-two.

ERNEST W. DAVIS
HAROLD M. ESTABROOK
WILLIAM C. ADAMS
Selectmen of the Town of Arlington.

CONSTABLE'S RETURN

Arlington, Mass., October 26, 1942.

Middlesex County:

By virtue of this Warrant I have notified and warned the legal voters of the Town of Arlington to meet at the times and places and for the purposes herein named by causing a printed attested copy of the same to be left at every dwelling house in the Town, and by posting an at-

tested copy at the doors of the Town Hall seven days at least before said day of meeting and by posting attested copies in two or more conspicuous places in each voting precinct in the Town. A notice of the time, places and objects of the meeting was published in the local papers.

JAMES J. GOLDEN, Jr.,
Constable, Town of Arlington, Mass.

Arlington, Mass., Nov. 3, 1942.

In pursuance of the foregoing Warrant the legal voters of the Town of Arlington met in their respective voting places in said Town on Tuesday the third day of November in the year of our Lord one thousand nine hundred and forty-two at seven o'clock in the forenoon; the election officers, duly appointed by the Selectmen, having been previously sworn to the faithful performance of their duties.

The necessary ballots prepared for each precinct and all other paraphernalia for the proper conduct of the election was supplied by the Town Clerk and turned over to the officers of the various precincts.

The polls were declared open in each precinct at seven o'clock in the forenoon and remained open until eight o'clock in the evening at which time, after due notice, they were declared closed.

The ballots were counted by the election officers and encased in boxes, which were locked and sealed, and the same were delivered by direction of the Town Clerk to the Police Station where they were placed under police guard until after the expiration of the time within which a petition for recount might be filed.

The returns and keys to ballot boxes from each precinct were turned over to the Selectmen and the Town Clerk

and with the assistance of the Registrars of Voters and Mr. Clarence Needham, canvassed the same with the following results:

CANVASS

Arlington, Mass., Nov. 7, 1942.

Pursuant to law Mr. William F. Burns of the Board of Election Commissioners of Somerville, and the Town Clerk of Arlington exchanged duly certified forms on November 7, 1942 for the purpose of canvassing the votes cast on the third day of November for TWO Representatives in General Court, for the Twenty-fifth Middlesex District.

The Canvass showed the following result of the votes cast in Arlington and Somerville.

In Arlington T. Edward Corbett had one thousand three hundred and sixty-three.

In Somerville T. Edward Corbett had three thousand six hundred and seventy-three.

In Arlington John F. Foster had one thousand and eighty-nine.

In Somerville John F. Foster had five thousand fifty-seven.

In Arlington Allan Roy Kingston had eight hundred and ninety.

In Somerville Allan Roy Kingston had four thousand five hundred and eighty-two.

In Arlington Angus M. MacNeil had one thousand one hundred and fifty-two.

In Somerville Angus M. MacNeil had three thousand one hundred and forty-six.

The Canvass showed that John F. Foster and Allan Roy Kingston had a majority of the votes cast.

Certificates showing the results of the election were signed by the Clerks, and one of the certificates was sent to the Secretary of the Commonwealth.

In the Twenty-eighth Middlesex District Nelson B. Crosby and Hollis M. Gott were duly elected, and each was notified, by Constable, of his election and presented with a Certificate thereof; copies of which were duly filed with the Secretary of State.

A True Record, Attest:

EARL A. RYDER,
Town Clerk.

BOARD OF REGISTRARS

Honorable Board of Selectmen

Arlington, Mass.

Gentlemen:

We beg to submit our report for 1942:

On January 1st the Board appointed Assistant Registrars to take a census of all persons in the town twenty years of age and over. The List was duly prepared and printed according to law, with clerical assistance from the Civil Service and the Town's unemployment roll.

In February the Board held five afternoon and evening sessions, and one Saturday morning session, at which time 379 persons qualified to appear on the Voting List; in August five afternoon and evening sessions were held prior to the Primaries and 503 persons qualified as voters; and in October five afternoon and evening sessions were held prior to the November election and 1028 persons qualified as voters; the total for the year being 1910.

Below is a list showing a total of 20,953 registered voters in the fourteen precincts, as of October 14th.

Precinct 1	1,314
Precinct 2	1,649
Precinct 3	1,229
Precinct 4	1,687
Precinct 5	1,348
Precinct 6	1,412
Precinct 7	1,495
Precinct 8	1,498
Precinct 9	1,271
Precinct 10	1,721
Precinct 11	1,384

Precinct 12	1,800
Precinct 13	1,482
Precinct 14	1,663

Respectfully submitted,

TIMOTHY J. BUCKLEY, Chairman
DENNIS I. DONAHUE
ARTHUR P. WYMAN
EARL A. RYDER, Clerk

REPORT OF THE BOARD OF SELECTMEN

At the Annual Town Election held March 2, 1942, William C. Adams was re-elected a member of the Board of Selectmen for the term of three years. The Board organized with Ernest W. Davis as Chairman, and James J. Golden, Jr., as Secretary.

The regular meetings of the Board of Selectmen are held on Monday evening of each week for the purpose of attending to the routine business of the Board, and giving audience by appointment to individuals, committees and delegations on the varied matters which are brought to its attention. Fifty-two regular meetings and twelve special meetings were held during the year.

Committee on Public Safety—Under the able leadership of Walter T. Chamberlain as Coordinator, the Committee on Public Safety has given much time and effort to reach its objective of preparedness against aggressive action on the part of our axis enemies. Due to the pressure of his many activities, Mr. Chamberlain tendered his resignation as Coordinator on April 13, 1942, and Mr. Hollis M. Gott was appointed as his successor. Mr. Gott has given unsparingly of his time and effort and, with the complete cooperation of the Committee, the personnel has been increased to twenty-eight hundred (2,800) citizens thoroughly trained in the various branches of the service. The Committee merits commendation for the sacrifices it has made in giving of its time and energy in the development of this important unit of civilian defense. A report of its accomplishments will be found elsewhere in the Town Report and we feel it worthy of consideration.

Roll of Honor Committee—A committee representing the four veteran organizations of World War I, composed of Timothy J. Buckley, Arthur W. Sampson and Harold W. Proudfoot of Post #39, The American Legion, Inc.; Francis E. Fawcett and William A. Garten of Post #1775, Veterans of Foreign Wars; John F. Sullivan of Chapter

#49, Disabled American Veterans; Edgar C. Bibeault of the Fleet Reserve Association; and Captain Albert V. Jones of the Fire Department and James M. Keane, Town Engineer, was appointed to consider the advisability of establishing a roll of honor in a suitable place within the Town where the names of residents who have entered the military and naval services of the United States would be inscribed, to express the sentiment of the Town and its appreciation for this loyal and patriotic service. The Committee, with Mr. Buckley as its Chairman, has raised the necessary funds to purchase and erect on an appropriate site, a roll of honor which will be a credit to the Committee and a proud possession of the Town. On behalf of the Town, the Board offers to this Committee its deep appreciation for the success of the undertaking.

State Guard Company—After considerable study and many conferences with Lt. Col. Allen M. Tinker, Regional Commander of the Mass. State Guard, the Board recognized the advantages and necessity of having a state guard company within the Town, and authority was formally requested of the Adjutant General to organize and present for state recognition one such company. Under date of October 21, 1942, the Adjutant General's office authorized the organization of a unit and approved the appointment of Frederick L. Reynolds as a provisional officer with the rank of Lieutenant. Due to the efforts of Lieutenant Reynolds and his staff, the Town may look with pride to its local security company which has been organized, uniformed, equipped and drilled for the defense of the community.

Position-Classification and Salary Standardization Survey — Much thought has been given to the establishment of an employment classification and compensation plan to provide a uniform employment policy for all Town employees, in accordance with the provisions of the vote passed under Article 52 of the 1942 Annual Town Meeting. Following an extended study of this subject and conferences with representatives of properly qualified and recognized organizations, the Board on December 7, 1942,

authorized Public Administration Service to proceed with the work for such survey. It is expected that this organization will begin its work with the distribution of position description questionnaires early in January, 1943, and will complete the same and deliver to the Board four copies of a typewritten report, including the classification allocation lists and the rules governing the plan on or before February 25, 1943, at a cost not to exceed the total sum of the appropriation of seven hundred fifty ($750) dollars).

Rationing Board—Because the ever-increasing amount of work to be handled by the Rationing Board necessitated more spacious quarters, same were changed during the month of April from the Police Station to the basement of the Post Office building on Court Street. Additional office help has been added to the staff, but the Board itself continues with three members, viz: Harry J. O'Reilly, Chairman, Milton Estabrook and Earl E. Bolton, the latter succeeding Howard E. Cousins. Although many neighboring cities and towns have increased the membership of their Rationing Boards to handle the increased responsibilities of fuel oil, wearing apparel, price control, etc., the local board members expressed themselves as being of the opinion that such an increase in Arlington was unwarranted. With the valuable assistance rendered by its executive secretary, Paul A. Ziegler, and staff, the Board has functioned most satisfactorily. It has received state recognition for its excellent work in the operation of the rationing program. We offer our thanks and appreciation for the cooperation the members have rendered at all times.

War Transportation Committee — The difficulty of transportation, occasioned by the shortage of rubber and gasoline, made necessary the appointment of a local administrator and a war transportation committee to insure the continued and efficient operation of all local transportation facilities essential to war production and to the maintenance of essential civilian activities. The Board designated Earle C. Hopkins to act as Administrator of the local War Transportation Conservation Program with full responsibil-

ity for direction and coordination of a plan primarily concerned with lengthening the useful life of passenger cars and tires and increasing the efficiency of mass transportation. A committee made up of representatives of local industry, labor, business, the local Committee on Public Safety, transportation, Police and Traffic Departments, schools, civic and improvement groups, was organized to provide the Administrator with necessary technical direction and assistance 1) to make more effective use of private automobiles through group or swap riding; 2) to stagger business, school and working hours, and, 3) to improve regulation of street traffic to make possible more efficient movement of passenger vehicles. The Administrator and committee have had frequent meetings and through their recommendations and constructive suggestions have done much to conserve essential transportation locally. The Board desires to record its commendation of the spirit and cooperation with which the Administrator and committee have assumed this task and to express appreciation to them.

Police and Fire Departments—These departments have continued to give evidence of their usual splendid efficiency in spite of Selective Service drafting and enlistments in the armed forces. Military substitutes have been obtained in most instances to complete the personnel, and, as a result, the protection of our Town has continued at its customary high standard. Chiefs Bullock and Tierney are deserving of praise for their time and interest in developing their respective auxiliary departments to their present skilfulness.

This report would not be complete without an expression of appreciation to not only the heads, but to the entire personnel of each and every Town department under the jurisdiction of the Selectmen, and to the members of the boards and committees appointed by the Selectmen during the last year, for their fine spirit of cooperation. Also we wish to express sincere thanks to our Secretary, Mr. James J. Golden, Jr. and his staff for their able and efficient assistance which has been required to assume greatly increased

amount of detail necessitated by present world conditions, and which has done much to make our service to the Town a real pleasure.

WELFARE OFFICER'S REPORT

The following cases of investigation on Welfare were made by this office from January 1 to August 28, 1942:

Total number of investigations were	247
Persons interviewed on these cases were	458
Miscellaneous cases investigated on other categories of relief were	20
Mental cases conveyed to hospitals for treatment were	2

During this period there had been a marked decrease in the case load on Welfare due, in a large measure, to the availability of private employment. The number of new cases was very small and most of the investigations were on revisits.

In the investigation all Welfare cases were checked through records of Probate Court for any settlements of estates, Land Court records, Registry of Deeds, divorce and legal separation records of applicants, contacted Index Bureau on settlement of law suits, Insurance Companies for any settlement of auto accidents, former places of employment and any source from which applicants might have received income.

Care was taken of the prosecution of non-supporters whose dependants were receiving aid and followed up the cases, after disposition by the Court, to get as large an amount as possible toward the support of dependants. This is necessary as experience has proven that unless a continual check is kept on these cases, the person on probation or under Court Order will not make payments and the Town has to stand full cost of keeping his dependants.

Comparison with	1940-1941	465
	1941-1942	446

During the past year the Police Department has prepared itself as far as possible so that it will be able to cope with any disaster or any other incident that may arise whether it be fire, flood, hurricane or war.

The Department has co-ordinated its emergency plans with those of the Committee on Public Safety wherever

possible, in order to give the community the best protection possible if an emergency should arise.

In the event of failure of the telephone communications system, we have built five small two-way radio sets, one to be set up in each of the Civilian Defense District Bases and operated by regular and auxiliary police. We have also built a spare transmitter to be used as emergency equipment for our regular station transmitter.

Our Auxiliary Police Force of 350 men have been quite thoroughly trained in the duties of police officers, as well as First Aid, and are ready and willing to assist the regular police in any emergency. These men are from all walks of life, many of them holding high positions in the business world. I cannot commend them too highly for their loyalty and giving of their time and ability to weld together such an efficient group to assist in emergencies.

I take this opportunity to express my appreciation for the cooperation and assistance of your Honorable Board, officials of the Town Government, as well as those citizens of Arlington who have most generously assisted the Department in its work during the year.

Respectfully submitted,

ARCHIE F. BULLOCK,
Chief of Police.

REPORT OF THE FIRE DEPARTMENT

Honorable Board of Selectmen
Arlington, Massachusetts

Gentlemen:

I have the honor to present my Twentieth Annual Report as Chief of the Arlington Fire Department for the year ending December 31, 1942.

MANUAL FORCE

The manual force consists of fifty-four men: the Chief, two Deputy Chiefs, five Captains, one Inspector-fireman assigned to the Fire and Police Signal System, six Lieutenants, thirty-nine Privates, one of whom is assigned to the Fire and Police Signal System; also a Department Surgeon, Dr. Edward W. Feeley, and a Department Clerk, Anna B. Hurley.

In January there were two resignations: Thomas A. Carlow, appointed July 1, 1933; Dr. Winslow M. Kingman, appointed April 8, 1926. Four men were appointed to the Department in May: David T. Hughes, John C. Lax, Albert G. Lennon and Charles J. Long. Four firemen were released for military service: Thomas F. Bondi, John M. Fahey, David T. Hughes and Albert G. Lennon. Appointed as military substitute firemen: Frank Coscia, August 23, and Thomas F. Bondi, September 27.

APPARATUS

Two ladder trucks, four pumping units and a Special Service Unit are in active service.

Two six-hundred-gallon trailer pumps are used by the Auxiliary Fire Department.

The Department responded to 115 Box Alarms, 346 Still Alarms (telephone calls), 86 Mutual Aid Calls (out of town), a total of 547, 222 less than in 1941.

Nine false alarms were sounded as compared with 23 in 1941, 14 in 1940, 30 in 1939 and 10 in 1938.

REPORT OF DR. FEELEY

Dr. Edward W. Feeley, Department Surgeon, made 46 office calls and visits and attended injured firemen at stations. He investigated all cases where firemen failed to report for duty because of sickness and submitted a written statement as to their physical condition.

FIRE PREVENTION

Twice each month firemen off duty inspected all places of business and public buildings, a total of 16,266 inspections.

During the year eight fires occurred in these regularly inspected places. This number is twice that of last year but the loss in seven of them was small, totaling $3,262. The Old Mill Restaurant on Summer Street, caused a fire loss of $14,212.58.

Record of previous years: 4 in 1941, 6 in 1940, 3 in 1939, 3 in 1938 and 5 in 1937.

INSPECTION OF DWELLINGS

For the nineteenth consecutive year, firemen donated their time for the inspection of the cellars of every residence in Town.

Our inspections aim to protect our townspeople from death and injury by fire, to make their homes safe places of abode. Conversion of heaters from oil to wood and coal was expected to increase the number of fires but such has not been the case.

Only seven fires occurred in residential cellars the past year, smallest number since 1932. The householders have been most cooperative in complying with suggestions given by the firemen.

Record of previous years: 8 in 1941, 10 in 1940, 10 in 1939, 11 in 1938 and 12 in 1937.

The following is data compiled as a result of Dwelling House Inspections:

FIRE DRILLS IN SCHOOLS

Fire drills were given in all public, parochial and private schools.

A record was made of the number of classrooms, pupils, exits used and the time required to vacate each building, a copy of which was sent to the School Department. The pupils are well trained and will not fail in time of emergency.

Five hundred and seventy-two fire extinguishers were recharged in schools and other public buildings, garages and factories.

AUXILIARY FIRE DEPARTMENT

The Auxiliary Fire Department organized June 10, 1941 had by January 1, 1942 reached a membership of one hundred and six. This year the members were supplied with badges and rubber clothing. They were given first aid instruction and received training in the operation of the 600-gallon trailer pumps. They held monthly meetings.

RECOMMENDATIONS

I recommend that $135,112.75 be appropriated for the year 1943.

I am deeply grateful to the Board of Selectmen for its keen interest and wise counsel on all occasions, and to its genial and capable Secretary, James J. Golden, Jr.

To Town Engineer, James M. Keane, and the Police Department for assistance frequently rendered and to my own officers and men for efficient and willing service, my heartiest thanks.

DANIEL B. TIERNEY,
Chief, Fire Department

REPORT OF THE FIRE AND POLICE SIGNAL SYSTEM

Honorable Board of Selectmen
Arlington, Massachusetts

Gentlemen:

I have the honor to present my Twelfth Report as Superintendent of the Fire and Police Signal System for the year ending December 31, 1942.

The salaries of the two men assigned to maintain the Fire and Police Signal System are included in the pay roll of the Fire Department.

FIRE ALARM

Installed two new fire alarm boxes which were purchased in 1941:

Box 287 Eliot Road—Cabot Road
Box 489 Highland Avenue—Arlmont Street

February 13. Removed tapper from the residence of Dr. Winslow M. Kingman, 355 Massachusetts Avenue.

SIGNALS

March 12. As an experiment, a signal company of Boston temporarily installed an air raid warning siren on the roof of the Junior High School West, 63 Acton Street. It was removed March 13.

Installed an 8-inch double chime steam whistle in the Schwamb Company Building, 1165 Massachusetts Avenue. Tested February 18. Removed April 7 because of the expense involved in keeping 24-hour steam pressure for its operation. June 3 installed whistle in the Metropolitan Pumping Station, Brattle Court.

March 31. With the assistance of W.P.A. labor installed seven sirens in the following locations:

Broadway-Tufts Street
Lake Street-Margaret Street
Langley Road-Falmouth Road
Summer Street-Grove Street
Park Avenue Extension-Renfrew Street
Bonad Road-Shawnee Road

May 28. Connected control circuits for sirens for operation from Police Signal Desk at Police Headquarters. Previously they had been manually operated.

February 27-April 27. Installed radio receivers and transmitters in the Chief's car, Special Service Truck, Fire Alarm Truck, Dodge Truck, and car of Assistant Chief of the Auxiliary Fire Department.

June 5. Retimed fire alarm whistles from one-second to two-second time for longer blow.

W. P. A. CONSTRUCTION PROJECTS

Lake Street Construction. Installed 10-conductor underground cable from Massachusetts Avenue to Concord Turnpike and set in pedestals Fire Boxes 2631, 281, 285 and Police Box 16. Cut over and removed 4-conductor aerial wires.

Brattle Street Construction. Installed 10-conductor underground cable from Massachusetts Avenue to Summer Street and set in pedestals Fire Boxes 551 and 712. Cut over and removed two 4-conductor aerial cable and span wires.

June 25. Replaced damaged 2-conductor cable on Davis Avenue from Mystic Street to Police Box 23.

July 9. The W. P. A. Cable Project closed.

May 7. Turned off lights on town clock for the duration of the war.

August 12. Issued new books showing location of signal boxes and response of fire apparatus.

September 30. Installed private telephone line between Fire Headquarters and the Report Center, Police Headquarters.

November 20. Removed police telephone from the residence of William Woodbury, 106 Mt. Vernon Street (formerly police radio technician).

December 9. Installed hose connection to air whistle tanks for use of gasoline air compressor in case of emergency.

Painted all fire and police signal boxes.

Omitted Christmas decorations and lighting.

SPECIAL CALLS

19 persons were admitted to their homes.
6 cats were rescued from trees or poles.
53 transfers made of lines to new poles.
17 flooded cellers were pumped out.
95 messages were relayed from Headquarters by radio to Assistant Superintendent Cameron of the Fire Alarm System while he was engaged in line work.

RECOMMENDATIONS

I recommend the extension of underground fire alarm cables until the entire system is completed.

For the year 1943 I recommend an appropriation of $1,890.

1942 appropriation	$3,275.00
Expended	1,600.27
Capital Outlay carried forward	1,664.05
Balance	$10.68

Due to the embargo on critical materials, the money appropriated for the installation of twelve fire alarm boxes and two police boxes could not be used.

To Lester W. Cameron, Inspector Wireman, of the Fire and Police Signal System, I extend thanks. He is a capable and thorough worker. Under his supervision, the System is well serviced.

REPORT OF THE BOARD OF APPEAL

January 2, 1943.

To the Honorable Board of Selectmen,
Arlington, Mass.

Gentlemen:

The Board of Appeal respectfully submit the Fourteenth Annual Report:

During the year ending December 31, 1942, seven (7) appeals from the Inspector of Buildings have been made to the Board.

The Board affirmed the decision of the Inspector of Buildings not to grant a permit in two (2) Zoning cases and annulled his decision in two (2) Zoning and three (3) Building cases; and ordered a permit to be granted subject to such conditions and provisions as were required by the Board.

Respectfully submitted,

FREDERIC F. LOW,
ALTON F. TUPPER,
THOMAS J. DONNELLY,
Board of Appeal.

A slight decrease in the number of scales and other measuring devices has been noted this year due to the fact that several stores or other places of business closed on account of the economic conditions. However, there have been 1204 weights and measuring devices inspected, adjusted and sealed. 207 have been adjusted, 7 not sealed and 15 condemned.

The total sum received as fees for sealing amounted to $203.99, which was turned over to the Town Treasurer. The Town Treasurer also received the sum of $175 for Hawkers' and Peddlers' licenses.

Mr. Allan E. Cowie was selected by the State Department of Education for appointment as Coordinator of Production for duty at the several trade schools associated with the Watertown Arsenal, and was granted a leave of absence from his duties as Sealer of Weights and Measures, effective August 17, 1942. On October 19, 1942, I was certified for employment as Temporary Sealer of Weights and Measures, succeeding James J. Golden, Jr., Secretary to the Board of Selectmen, who had served as such in the interim.

I wish to express my sincere thanks to your Board for the opportunity to serve in this capacity and to other Town officials for their courtesy and cooperation during my brief tenure of office.

Respectfully submitted,

HERBERT L. HUTCHINSON,
Temporary Sealer of Weights and Measures.

REPORT OF COMMITTEE ON PUBLIC SAFETY

January 14, 1943.

To the Honorable Board of Selectmen
Town Hall, Arlington, Mass.

Gentlemen:

I submit herewith a brief report of the activities and the organization of the Arlington Public Safety Committee for the year ended December 31, 1942.

I received the honor of appointment as Chairman of the Arlington Public Safety Committee, upon your recommendation, in April, 1942, succeeding Mr. Walter T. Chamberlain, who resigned due to the demands of his business affairs.

During the past year, the personnel has been greatly increased. The activities have been broadened in scope and, after substantial revision, I feel that I can report considerable progress in the efficiency of this Committee. The Public Safety Committee, in broadest terms, is organized and maintained for the protection of persons and property, in case of possible enemy attack or due to any catastrophe or disaster that may overtake us from any cause. This organization is now called upon for many services other than actual defense measures but which relate to the general welfare of our civilian population in this period of war activity.

The Report Center has been greatly improved, due largely to the intelligent supervision of Mr. George Greim as supervisor. The Report Center is now manned by 65 well-trained men and women and is considered to be one of the finest and most efficient in the Commonwealth. We have been directed by the State Committee to locate and at least partially equip an alternate Report Center which may be

used in case of emergency. The location of the alternate Center has been selected but no attempt has been made as yet to equip it.

The personnel actively participating or prepared to participate in any emergency now numbers 2800 active members.

The organization has responded to 9 tests since April, 1942.

WARDENS

On January 1st, 1942, there were 700 enlisted wardens. On January 1st of this year the number has been increased to 1,237. This number is made up of men and women, all of whom are trained in their duties and the great majority have finished their First Aid courses. Patrick F. Pallante is Chief Air Raid Warden, having as deputies Mrs. Mildred Swett, Mrs. Lida Barber, Mr. Joseph Peterson, and Mr. William H. Farrow. Their untiring and intelligent efforts in building up the warden's unit have produced praiseworthy results. They have reflected credit on our Town because of their zeal and loyalty. The Town is divided into five districts. Each district is in charge of a District Warden and his deputies, having suitable headquarters in a school building located in each district. In case of an alert, the entire Town is patrolled by wardens for the purpose of reporting any incidents and to give First Aid to our inhabitants if necessary, or to call the Report Center for help as may be needed. Many more wardens are needed to supply a sufficient force for 24-hour duty if such may be necessary.

AUXILIARY POLICE

Under the leadership of Chief of Police Archie F. Bullock, assisted by Lt. Daniel P. Barry, the Auxiliary Police is organized as a semi-military unit and has an enlisted personnel of 344 members. This organization is well trained in general police duties and in the use of firearms and is to be considered a highly important unit in A. R. P.

activities. The unit is divided into platoons under competent officers and, in case of an alert, their duties generally are to police important buildings, and air raid shelters, direct traffic, and patrol the business centers of the Town. Also, men are stationed at the five district bases which are equipped with two-way radio sets for emergency purposes.

AUXILIARY FIREMEN

This unit is composed of 96 active and trained men, capable of assisting the regular Fire Department in case of conflagration or a series of fires. Under the direction of Chief Daniel Tierney, the men have been thoroughly trained by Captain Richard Tierney, Chief of the Auxiliary Fire Department, and Mr. James M. Keane, Assistant Chief. The entire personnel has had the benefit of weekly drills and, in case of emergency, this unit will be of invaluable service to our Town. Men of this department are well equipped with rubber clothing and it is expected that further equipment will be forthcoming from the Federal Government, which I will refer to later in this report.

MEDICAL

Under the outstanding leadership of Dr. Ezekiel Pratt as Chairman and Mr. Chester R. Whitman, Co-ordinator, this Division has made great strides in its development and efficiency during the past year. At the present time, there are 28 doctors ready for call and its First Aid unit comprises 118 trained men and women, all of whom have taken 20 hours of training in preparation for any call in time of need. In this unit also are 74 nurses, organized and trained under the supervision of Mrs. Robert W. Murphy. The Medical Unit covers a broad scope of activity and its membership is prepared to function on a moment's notice in protecting the health of our citizens and to render aid and medical treatment when, and if, required.

The Medical Division has 5 complete medical First Aid stations located at the District bases which are under the supervision of the Nursing units. Although a certain

amount of necessary equipment is on hand, it is expected that the Commonwealth and the Federal Government will forward additional required equipment in the near future.

WAR SERVICES

Previous to the latter part of 1942, the task of the Women's Division under the leadership of Mrs. Russell T. Hamlet, was to interest and assist in organizing the women of the Town in A. R. P., Nutrition, Canteen, Motor Corps, Social Services, and such other courses as come under the protective side of Public Safety.

As these women so trained now fit into the Public Safety program under definite divisions of Protection and Health and Social Services, the scope of the Women's Division as such has recently been broadened to mobilize the home front and is now called the War Services Division, the aims being—1. To assist the citizens of the Town to absorb the shock changes of wartime living; 2. To secure the full participation of every citizen in the war effort; 3. To bring directly into the home messages and information as are necessary to enable everyone to understand better the problems confronting our war economy; 4. To distribute to every household such vitally essential material as may be issued by the War Production Board, the Office of Price Administration, etc. This Division hopes to operate on the Neighborhood Plan whereby every precinct will have a captain who in turn will organize the precinct so that there will be a War Service worker to approximately every ten homes. Thus information may easily be given out regarding salvage, nutrition problems, rationing, child care and other problems which may arise out of further war developments. Between 400 and 500 women are already doing this and our hope is to have over 1,000 in a short time.

SERVICES AND SUPPLIES

This unit, under the chairmanship of Mr. Loren Marsh, Director, is broad in its scope and its activities too numerous to set forth in a condensed report. Generally, the

unit has under its direction the maintenance of Air Raid Shelters; securing of Food, Fuel, and goods in case of emergency; direction of Public Utilities Division; and the maintenance of pure and adequate water supply and sewer service, as well as highways, under emergency conditions. Mr. Marsh has brought to this committee a wealth of knowledge and experience invaluable in time of public need.

BLACKOUT AND DIMOUT

During the past year, the Army officials in this area ordered a drastic diminution of outside artificial lighting from all sources to lessen the sky glow. During tests, blackouts have been nearly perfect in Arlington. Since the dimout regulations have been enforced, it has become necessary for wardens to be incessantly observant and insistent that all rules and regulations pertaining to dimouts be observed. Mr. Robert L. Reid is the Chief Blackout Officer, assisted by Mr. Lester Cameron. Mr. Reid has been untiring in his efforts to assist in the broad task and his unfailing courtesy has brought responsive cooperation. A committee of five has been appointed by the Chairman to pass on all cases where a difference of opinion may occur. The penalty for noncompliance is severe and it is not anticipated that any of our inhabitants will be taken into court. Severe penalties may be imposed by our courts on refusal or neglect to comply with regulations.

Besides the units specifically referred to and whose activities have been previously sketched are other units, not less important, and no less efficiently directed. I refer to the Rescue and Demolition unit under the supervision of Mr. James M. Keane. This group has a personnel of 89 men for which there can be no practical experience, as they would function only in case of the collapse or destruction of a building and its work would be to rescue inhabitants if possible, as implied by the title of the unit.

The Bomb Reconnaissance Unit organized under Mr. George Dolan, assisted by three trained men, forms an im-

portant group whose duty it is to identify unexploded or time bombs and to take such precautionary measures as may be necessary for public protection. These men report at the Report Center on all emergency calls.

As Chairman of the Public Health group, Professor Clair Turner is especially qualified to carry on the vital work of maintaining health of mind and body, should we be faced by bomb raid, or any form of catastrophe. His is a work little understood or appreciated, but its value is inestimable.

It is entirely possible that, through air attack, fire or lack of fuel oil, some of our families in the Town may have to be evacuated. Plans have been carefully mapped out and are under the direction of Mr. Harry Baker and his associates. On short notice, sleeping quarters with cooking facilities may be provided in suitable buildings. It is estimated that at the present time we may be prepared to house and care for, temporarily, over 400 persons.

Our churches have been organized and every pastor and priest in the Town is a member of the Committee of the Clergy. The clergymen have been thoroughly instructed as to their course of action in case of a raid while there is an assembly of persons in their churches. This Committee has had the privilege of the enthusiastic leadership of Dr. Grady D. Feagan.

The Arlington Auxiliary Red Cross Motor Corps, organized in February, 1942, for the purpose of providing motor transportation for doctors, nurses and first aiders, comprises 34 persons, 12 station wagons used as ambulances, and 5 trucks. Mrs. Donald M. Belcher is Chairman of this group, ably assisted by Miss Flora Haley.

The Canteen unit, under the chairmanship of Mrs. Marion Soderquist, has been trained and organized to provide disaster feeding on short notice. Mobile cooking equipment is readily available at all times. This unit is composed of 247 women holding certificates in Red Cross standard 20

hour Nutrition course. The response to various calls to provide meals has won earned congratulations.

The Messenger unit, trained under the able supervision of Mr. Philip Johnson, Boy Scout Executive, comprises 215 boys and young men from 14 to 18 years of age. This corps is important and is ready to perform many important tasks. Their training has been broad and comprehensive.

It is my intention to appoint in the very near future a Director of Education who will supervise the training and assist in laying out classes of instruction for all units. Although many of the units must acquire specialized knowledge, there is a certain amount of elementary knowledge that must be common to all. We are called upon to intensify our courses of instruction and to offer refresher courses so that the entire personnel may by March 15th be ready for any eventuality.

In October of 1942, Mr. Ernest W. Davis, Chairman, Board of Selectmen, was advised by the State Committee that Arlington is now considered a Class "A" town and, as such, much of equipment and supplies for A. R. P. activities have been allocated to our use. It is confidently expected that such equipment will soon arrive.

It is gratifying to receive a letter dated January 6th from Mr. Kenneth C. Miner, Controller, Civilian Defense, Area 5-C, in which he states: "We wish to compliment the Arlington Civilian Defense organization for the progress that has been made under the guidance of you and your capable assistants. During the past year, there has been a noticeable improvement in the morale of the Arlington personnel, in the coordination between the regular town services and the volunteer groups, and in the cooperation between the officials and the Civilian Defense staff. The citizens of Arlington should take great satisfaction in the knowledge that its organization has now reached a point where it could successfully cope with an emergency."

Governor Saltonstall, in his address to the two branches of the Legislature of Massachusetts on January 7, 1943, said: "Our Committee on Public Safety has done an outstanding job in organizing Civilian Defense. Its work must go on."

With the exception of Mr. Grover A. Chenoweth, Executive Secretary, and Mrs. Lillian M. Hoeler, secretary to the Chairman, the entire personnel of our Public Safety Committee in Arlington is volunteer. It has been necessary for me to put in a large amount of time and effort. In this work, allow me to say that I deeply appreciate the loyalty and enthusiastic cooperation of the entire personnel, without which this task would have been impossible to carry on. I am also personally indebted to the moral support and active assistance of the Executive Committee and especially the Board of Selectmen as members of that Committee, in facing and overcoming obstacles. By continuing this important work and keeping in mind our goal, to wit:—the perfection of an organization that may cope with any public emergency regardless of individual sacrifices—I feel confident that Arlington will be prepared to render a fine account of itself should the occasion arise.

Respectfully submitted,

HOLLIS M. GOTT,
Chairman.

REPORT OF ARLINGTON HONOR ROLL COMMITTEE

December 31, 1942.

The Honorable Board of Selectmen
Town Hall, Arlington, Mass.

Dear Sirs:

On August 25, 1942, the Board of Selectmen appointed a committee composed of seven citizens to consider the advisability of establishing a Roll of Honor in a suitable place within the Town as a tribute to its citizens serving their country.

The following members were appointed:
Arthur W. Sampson, 21 Cliff Street
Harold W. Proudfoot, 17 Jean Road
Francis E. Fawcett, 48 Varnum Street
William A. Garten, 43 Millett Street
John F. Sullivan, 18 Marion Road
Edgar C. Bibeault, 166 Gray Street
Timothy J. Buckley, 18 Jean Road

The committee organized on August 31, 1942, naming Timothy J. Buckley, Chairman; William A. Garten, Secretary; and Arthur W. Sampson, Treasurer.

On November 9, 1942, at the suggestion of the committee, Capt. Albert V. Jones of 11 Park Avenue North, was appointed to the committee by the Board of Selectmen.

On December 7, 1942, the Selectmen, on recommendation of the committee, appointed James M. Keane, Town Engineer, to the committee.

Our first meetings were devoted principally to best ways and means of obtaining the names of all Arlington men and women who had gone into the service.

Through the courtesy of the Arlington Gas Light Com-

pany, who allowed us to insert a slip with each gas bill, requesting the names of men in service, and the co-operation of the Arlington Advocate and Arlington News, we have secured about 2500 names to date.

The committee decided to raise the funds for the Roll by popular subscription, our appeal being made through the local newspapers and by letter. The response has been most pleasing to the committee.

The board on which the Roll is to be posted is being constructed by Vail Brothers & Mauger, and they hope to have it completed by February 1, 1943.

The site selected by the committee is the ground-plot of the cannon near the Central Fire Station.

Upon completion of our work, a complete report will be presented to your honorable Board.

TIMOTHY J. BUCKLEY,
Chairman.

REPORT OF THE BOARD OF PUBLIC WORKS

The Board of Public Works herewith submits its annual report for the year ending December 31, 1942.

HIGHWAY DIVISION

In the Maintenance Department of the Highway Division, Fourteen thousand two hundred ninety-five and 47/100 ($14,295.47) Dollars were spent for the Cleaning of Streets; and Two Thousand, four hundred thirty-nine and 55/100 ($2,439.55) Dollars for the Maintenance and Repair of Public Ways exclusive of Massachusetts Avenue for which an expenditure of One hundred eighty-two and 29/100 ($182.29) Dollars was made.

There was expended this year for the Maintenance of Gravel Sidewalks, Two thousand, four hundred five and 30/100 ($2,405.30) Dollars and for the Maintenance of Permanent or Granolithic Sidewalks, Two thousand five hundred ninety-four and 07/100 ($2,594.07) Dollars.

The sum of Three thousand, four hundred fifty-one and 58/100 ($3,451.58) Dollars was expended for Tar and Sand Protective Treatment on the Tar and Gravel and older macadam streets.

For the Care and Repair of the Storm Drain System the sum of Eleven thousand, eight hundred eighty-one and 86/100 ($11,881.86) Dollars was expended.

NEW STREET CONSTRUCTION

This year the following streets were accepted by the Town to be constructed under the direction of the Board of Public Works but due to Priority Regulations and Federal Conservation of strategic materials, together with the shortage of labor, the Board has been unable to proceed with the construction:

George Street, from Concord Turnpike to Oakland Avenue
Hillsdale Road, from Jason Street to Spring Street
Johnson Road, from Brookdale Road to Edgehill Road
Osborne Road, from Margaret Street to Burch Street
Radcliffe Road, from Edgehill Road to Victoria Road
Scituate Street, from Gloucester Street to Gray Street
Spring Street, from Highland Avenue to Wall Street
Wall Street, from Spring Street to Arlmont Street
West Court Terrace, from its present end to Lowell Street

While there was no actual construction on the above streets, expenditures were made for preliminary work such as the recording of takings, erection of warning signs, grade stakes, et cetera. For details of the expenditure see "Table I, Highway."

The Board wishes to express its appreciation to the various Boards, Town Officials, Department Heads and Employees of the Public Works Department for their cooperation during the entire year.

Respectfully submitted,

LOREN W. MARSH

JAMES R. SMITH
Board of Public Works

REPORT OF THE JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS

The Thirty-ninth Annual Report of the Joint Board of Selectmen and Board of Public Works for the year ending December 31, 1942, is submitted herewith, in accordance with the provisions of the Town's By-laws .

At the Annual Town Election held March 2, 1942, William C. Adams and James R. Smith were re-elected members of the Board of Selectmen and of the Board of Public Works, respectively, for the terms of three years, and by virtue of such elections, both continued as members of this Board.

The Board organized March 10, 1942, with Ernest W. Davis as Chairman and Loren W. Marsh as Vice-Chairman.

The regular bi-monthly meetings were continued as heretofore. The Board, in addition, held eleven special meetings during the year.

Geoffrey A. Sawyer, Esq., was appointed Town Counsel on January 19, 1942, to succeed the late Paul M. White, who had served the Town in that capacity for nearly twenty years.

Activities of the departments under the jurisdiction of the Board are described in their respective reports which appear elsewhere in the Town Report. The information contained therein is further amplified by the following facts:

NEW STREETS

At the outset of 1942, the Board again developed plans for a well-rounded program of utilizing the labor furnished by the W. P. A. for the construction of additional streets. Subsequent to the Annual Town Meeting, at which the sum of $80,119.13 was appropriated to construct nine streets under the provisions of law authorizing the assessment of betterments, the federal government called for the discontinuance of bituminous road and surfacing materials to be

used on streets not considered essential and necessary for the successful prosecution of the war. Of necessity, therefore, this work that had been programmed for the year, was suspended.

With the imminent absorption of the W. P. A. by the National Defense program and the general uncertainty which exists at the present time regarding the procurement of the required materials, the Board has not accepted applications for the laying out, establishment and acceptance of public ways during the coming year.

STREET LIGHTING

Regulations issued during the year governing the control of sea-coast lighting required that all street and highway lighting be shielded or obscured in such a manner as to minimize direct or reflected light. The Boston Edison Company immediately took steps to conform to the requirements of the regulations by replacing the existing bulbs of the 800, 1000 and 2500 lumen lamps with others on which was painted an opaque band opposite the filament and installing opaque cylinder shields on its upright ornamental street lights.

The ornamental lights owned by the Town that are located directly in front of the Town Hall and Library properties have been extinguished for the duration, with the exception of the two lights at the entrance to the Town Hall, which have been shielded to conform with dimout regulations.

In view of the position taken by the War Production Board to curtail street and highway lighting extensions for the duration of the war, additional lighting was not provided as in former years on public and private ways. For this reason, also, the proposed improvement of the street lighting on Park Avenue, from Paul Revere Road to Park Circle; on Chestnut Street; on Medford Street at the junction of Chestnut Street; and on Massachusetts Avenue, from Central Street to Lockeland Avenue, was deferred.

SIDEWALKS AND EDGESTONES

The Board is pleased to report that the work that had been previously projected in connection with the construction of permanent sidewalks and the installation of granite edgestones, under the provisions of law authorizing the assessment of betterments, was practically completed this year with the use of labor furnished by the Public Works Department and the W. P. A. Sidewalk reconstruction was confined entirely to granolithic type because of governmental orders restricting the use of bituminous materials.

BOARD OF SURVEY PLANS

The Board, sitting as the Board of Survey, held public hearings and final approval was given to plans and profiles of the following streets:

Glenburn Road—from Arlmont Street to Hillcrest Street

Marion Road—from Massachusetts Avenue to Belknap Street

Venner Road—from Hillsdale Road to Spring Street

On one other application for approval of plans and profiles of proposed streets, in a tract of land in the Morningside section of the Town located northwesterly of Winchester Road, designated as Morningside Drive, Sawyer Road, Frost Street Extension, Bradley Road Extension and Hodge Road Extension, the Board voted its approval of the plans as submitted, subject to a deposit being made with the Town for the setting of the stone bounds.

ITEMS OF GENERAL INTEREST

Exterior lines were established on Glenburn Road, from Arlmont Street to Hillcrest Street; Marion Road,

from Massachusetts Avenue southerly; and Venner Road, from Hillsdale Road to Spring Street.

The State, County and Town each allotted the sums of one thousand (1,000) dollars for the maintenance, repair and improvement of various public ways within the Town during the year. Details relating to the work performed will be found in the Report of the Board of Public Works.

The Board gave consideration to the matter of removing all unused street-car rails laying exposed in the streets of the Town, in order that same may be salvaged and recovered by the federal government for war purposes. A Resolution was adopted on October 26, 1942, authorizing the Board of Public Works to convey title to WAR MATERIALS, INC., agent for Metals Reserve Company, an R. F. C. subsidiary, of the rails located in Mystic Street, between Massachusetts Avenue and Mystic Valley Parkway, and from a point beyond College Avenue to a point beyond Old Mystic Street, and in Massachusetts Avenue, from the entrance to the Arlington Heights carbarns, northwesterly a distance of 439 feet, under an agreement with the Town to repave the streets. Inasmuch as the season was so far advanced, for the best interest of the Town and to eliminate inconvenience to the public, the salvaging of the rails was deferred until the spring of 1943.

Numerous petitions were received during the year from the New England Tel. & Tel. Company and the Boston Edison Company for permission to locate, relocate and remove poles in and from public ways of the Town, for attachment privileges for wires and fixtures, and to place and maintain buried cable, manholes, handholes, with the wires and cables therein, markers and other fixtures in or under the surface of public ways. Hearings were held when required by law and the necessary orders adopted.

The Board, in conclusion, desires to express appreciation to all Town officials, boards and departments for their

assistance and cooperation, and particularly to acknowledge gratefully the loyalty and conscientious work of the members of the staff.

REPORT OF TOWN COUNSEL

December 31, 1942

Honorable Joint Board of Selectmen
and Board of Public Works:

On January 19, 1942, the present Town Counsel was appointed to fill the vacancy caused by the death of Paul M. White, who served the Town faithfully and well for many years. During the interim Addison R. Pike, Esq., Town Counsel of Winchester and an associate of Mr. White, acted as Town Counsel. On January 19, 1942, several matters and one case involving the purchase by the Town of the Robbins Farm as a playground, were in Mr. Pike's charge. It was believed to be for the best interests of the Town to have him continue with these questions. From and after January 19, 1942, all matters which have arisen have been attended to by the present Town Counsel.

From January 19, 1942, to December 31, 1942, the Town Counsel has attended all the regular meetings of the Joint Board and the Board of Selectmen and meetings of the other Boards and Committees, as requested by them. In addition, he has attended hearings and conferences at the State House and other places, had conferences with Town and state officials, rendered legal opinions on various questions, examined records, deeds and other instruments, prepared legal documents and performed other duties pertaining to his office. Many novel and interesting questions have arisen as a consequence of the War.

Fourteen claims were filed against the Town and seven court actions commenced. Seven claims were settled and eleven court actions disposed of by trial or settlement. All payments made in settlement were first approved by the Board of Selectmen. Various suits and claims were brought by the Town against other persons.

I am greatly indebted to the Boards, officers and employees of the Town for their ever-ready cooperation and assistance, and to Addison R. Pike, Esq., for his cooperation and helpfulness.

Respectfully submitted,

GEOFFREY A. SAWYER
Town Counsel

REPORT OF THE PUBLIC WELFARE DEPARTMENT

January 1, 1943.

Honorable Board of Selectmen,
Town Hall,
Arlington, Mass.

Gentlemen:—

I herewith submit my report for the Welfare and Soldiers' Relief Departments and the Bureau of Old Age Assistance for the year ending December 31, 1942.

There was a continued reduction in Welfare Aid expenditures through the year. It is probable the level has been reached however, at which point no further substantial reduction in this category of relief may be expected inasmuch as practically all employable persons except those cases aided because of illness or other temporary circumstances, have been absorbed by employment in the war effort or private industry.

Under the provisions of Chapter 729 of the Acts of 1941, an increased minimum monthly allowance for Old Age Assistance recipients was established effective May 1, 1942.

Although the case load was substantially the same in total as in the previous year this legislation, plus necessary increases in budgetary standards throughout the year, was followed by a resultant increase in cost per case and in total expenditure.

There was small change in the total number of cases aided under Aid to Dependent Children as compared to the previous year.

Again, however, the expense per case and total expenditures for this category of relief increased because of the need of increasing budgetary standards through the year in order to enable families to meet the increased cost of necessities.

Emergency legislation was enacted to provide assistance to dependents of men serving during the present war.

Under the provisions of this legislation (Chapter 11, Acts of 1941) and in accordance with the rules and regulations of the Department of State Aid and Pensions War Allowance was granted, under the Soldiers' Relief appropriation, to those applicants found in need and eligible for this relief.

REPORT OF TOWN PHYSICIAN

February 2, 1943.

Honorable Board of Selectmen
Town Hall
Arlington, Massachusetts

Gentlemen:

I have the honor to submit herewith the report of the medical inspector of the Department of Public Welfare for the year ending December 31, 1942.

Welfare	955 calls
Old Age Assistance	1,147 "
Soldiers' Relief	117 "
Aid for Dependent Children	420 "

The total number of calls for the year 1942 was 2,639. Therefore, for the current year there has been a decrease of 764 calls. This decrease involved every form of relief, except Old Age Assistance in which there was an increase of 272 calls.

The Medical Clinic continues to furnish the usual out-patient care. The equipment at the Clinic was handsomely enriched by the purchase of a first-class Diathermy machine in December, 1942. This will go far in the alleviation of pain in the aged and infirm.

Respectfully submitted,

EDWARD W. FEELEY, M. D.

REPORT OF THE INSPECTOR OF ANIMALS

December 31, 1942.

To the Honorable Board of Selectmen
Arlington, Massachusetts.

Gentlemen:

I herewith submit my report as Inspector of Animals for the year ending December 31, 1942.

Early in November the Director of the Division of Livestock Disease Control ruled that there would be no barn inspections during December, to save tires and gasoline.

Number of dogs and cats quarantined for bites	174
Number of calls made after above quarantines	185
Total number of calls made during year	359
Number of heads to Laboratory—1 cat, 3 dogs	4
Number of heads reported negative	4
Number of cases of rabies in 1942	none

I wish to express my appreciation to the Board of Health and the Police Department for their hearty cooperation.

Respectfully submitted,

CHESTER L. BLAKELY, M. D. V.,
Inspector of Animals.

REPORT OF DOG OFFICER

January 12, 1943.

Honorable Board of Selectmen
Arlington, Mass.

Gentlemen:

I herewith submit my report as Dog Officer for the Town of Arlington for the year ending December 31, 1942, in accordance with Section 3 of Article 3 of the Town's By-Laws.

Complaints registered with me are as follows:

Dogs impounded	312

REPORT OF THE PLANNING BOARD

The Planning Board respectfully submits herewith its annual report for the year ending December 31, 1942.

At the Annual Town Election held Monday, March 2, 1942, Charles H. Bowker was reelected a member of the Board for a three year term.

The Board organized on Friday evening, March 6, 1942, with Harold C. Knight as Chairman and Charles H. Bowker as Secretary.

The Board was represented by its Chairman on the "Special Parks and Playgrounds Committee" and the "Advanced Programming and Budgeting Committee."

We have continued our membership in the Massachusetts Federation of Planning Boards and maintained close contact with the State Planning Board and Region #1 of the National Resources Committee.

During the year sixteen Board Meetings were held, the chief business of which was the study of the revision of the "Town Zoning By-Laws." It was hoped that this project could be completed and the Proposed Revised Zoning By-Laws presented to the 1943 Annual Town Meeting. However, this is impossible due greatly to the war business pressure on the Board members. This work will be continued and it is the desire of the Board to present it to the Town Meeting as soon as possible.

A study of the "Russell School Problem" was made and recommendations were presented to the "Advanced Programming and Budgeting Committee." The Planning Board study of new school sites to replace the present Russell School was offered to the School Committee. Arrangements were made to discuss this subject further in the early part of January.

This is the first year for some time that the Board has not been requested to hold a "Public Hearing" on matters pertaining to the changing of the Town's Zoning By-Law.

This, we believe, is attributed to the fact that our country is at war and that construction was limited to "war production plants" and housing for its workers of which Arlington has neither up to the present time.

The Board desires to express its appreciation for the cooperation and assistance of the Board of Selectmen, the Board of Public Works, the Engineering Department, the Building Inspector's Department and the Park Commissioners for the use of their office for Planning Board Meetings.

Respectfully submitted,

HAROLD C. KNIGHT, Chairman
CHARLES H. BOWKER, Secretary
HERBERT M. DUTCHER

REPORT OF PARK COMMISSIONERS

January 11, 1943.

In accordance with Section 3 of Article III of the By-Laws of the Town of Arlington, the Board of Park Commissioners herewith respectfully submits its forty-seventh annual report for the year ending December 31, 1942.

At the annual town election held Monday, March 2, 1942, Mr. Daniel M. Hooley was re-elected a member of the Board of Park Commissioners for a term of three years.

The Board organized on Tuesday evening, March 3, 1942, with Mr. Nils G. Anderson as Chairman, Mr. George D. Higgins as Superintendent of Parks and Playgrounds, and Miss Ruth Cannell as Clerk.

The regular meetings of the Board are held on Monday evening of each week at seven-thirty o'clock for the purpose of considering routine matters, consulting the officials of the several branches of the Town Government and special committees thereof, and the Chairmen of the Town Meeting Members of the several precincts, granting audiences to committees, organizations, delegations, and citizens of Arlington whose interests are within the jurisdiction of the Board of Park Commissioners.

The Board has supervised the completion of the Ethel Wellington Playground this past season, planted trees and shrubbery, loamed and seeded the area and installed a fountain. All work at the playground is completed with the exception of the black-top driveway and walks which must be postponed for the "duration" because of priorities. The entrance posts and much of the shrubbery and planting were made possible by gift of money made available through the Ethel Wellington Memorial Fund.

The Park Department completed as of April 13, 1942, the taking of the parcel of land known as "Robbins Farm", for the purposes of a public playground or recreation center, as voted by the Town Meeting of December 15, 1941.

The Board supervised the care and maintenance of twenty-four areas within its jurisdiction, together with five areas owned by the Town of Arlington outside the jurisdiction of the Park Commission, as well as the area controlled by the Arlington Garden Club.

Heights Playground (Reservoir Field)
Reservoir Beach
Arlington Heights Standpipe
Turkey Hill
Forest and Bow Streets
Appleton Street and Paul Revere Road
Lowell Street and Massachusetts Avenue
Ethel Wellington Playground
Lockeland Delta
Menotomy Rocks Park
Russell Park
Meadowbrook Park
Orvis Road
River and Warren Streets Delta
Crosby School Playground
Warren A. Peirce Playground
Monument Park
Fowles Pond
Dow Avenue and Appleton Street Delta
Medford and Warren Streets Delta
Florence Avenue Playground
Thorndike Street Playground
Teel Street Playground
Ethel Wellington Playground
Nathan Robbins Farm

Areas owned by Town of Arlington and cared for by Arlington Park Commission:

Brattle and Summer Streets Delta
Junior High West (Crusher Lot)
Falmouth Road and Crosby Street Delta

Thomas J. Robinson Rock (Gray Street and Endicott Road)
Grafton Street and Massachusetts Avenue Delta

Area controlled by Arlington Garden Club and cared for by Arlington Park Commission:

Delta, adjacent to Old Town Hall

After more than seven years of service, Mr. Daniel M. Hooley resigned from the Board as of December 28, 1942, because of his current affiliation with the United States Government.

In conclusion, the members of this Board are thoroughly appreciative of the fact that it is clearly our duty to serve, to the best of our ability, the people of Arlington, who place their confidence in us by electing us to this Board.

NILS G. ANDERSON, Chairman,
JOHN B. BYRNE,
Board of Park Commissioners.

REPORT OF THE TRUSTEES
For the Year 1942

The Trustees of the Robbins Library present herewith their report for the year 1942.

Mrs. Lucinda F. Spofford, our Librarian, and her faithful and trained staff have kept up the high standards of efficiency and usefulness to the citizens of Arlington under conditions which seldom have been experienced in the history of the Library, at least not for many years, and they give assurances that propose to "carry on" service to the people to the best of their ability for the duration of the War and come what may.

The Trustees have opened and equipped a substantial air-raid shelter in the basement of the Main Library. Owing to fuel rationing we have tried in every way possible to save waste of heat by providing additional storm windows and a removable vestibule in the main Library. That readers need not be disturbed with the dimout regulations we have provided on all windows necessary curtains to keep in the light. While it has been deemed necessary to curtail somewhat hours when the Library and the Dallin Branch are open, we have tried to maintain a reasonable temperature of 65° in our buildings for the benefit of the growing number of those who desire to use them.

The Trustees authorized the expenditure of $34,107.53 during the year 1942 of which $33,080.07 was provided by the Town Appropriation and the balance of $1,027.46 spent, for the most part, for extraordinary and non-recurring items enumerated above from the income of trust funds.

We commend to your careful attention the report of our Librarian which gives many interesting facts about how your Library serves the citizens, and we also append the report of Mrs. Kathryn M. Achuff, Curator of the Robbins Print Collection which is housed in our Library and whose work is under our direction.

During the past year the Board of Trustees suffered a severe loss, through the death of its faithful Chairman, whose long and distinguished service to the Board is re-

corded in a memorial prepared and adopted by the Trustees which we print in full as follows:

A Tribute to Mr. Arthur J. Wellington

Arthur J. Wellington, Esq., was a member of the Board of Trustees of the Arlington Robbins Library for forty years. During a large part of those years he held the office of Secretary and, at the time of his death, April 2, 1942, he was Chairman of the Board. The presence of Mr. Wellington on the Board perpetuated the connected of his family with the management of the library from the date of its organization in 1835 through four generations. In the performance of his office Mr. Wellington was unfailing in his devotion to duty, wise in judgment and advice, and so considerate that association with him was a privilege. His genial smile and cordial greeting will remain with us as cherished memories. A man of sterling worth, keen mind and fine ideals—his name is written large in the annals of this library.

A copy of this tribute will be added to the next annual report of the Trustees. A copy will also be sent to Miss Virginia Wellington.

For the Trustees
M. HELEN TEELE

To fill the vacancy created by the death of the late Hon. Arthur Jefferson Wellington, the Trustees and the Board of Selectmen, in joint session, appointed Wilson J. Clark, Jr., to serve through the unexpired term of the deceased.

We also think it fitting at this time to record the passing in April, 1942, of a former faithful and well-beloved Trustee, Dr. Charles J. Walsh, who served on our board for years and resigned in December 1940.

To Mrs. Spofford and her staff, the Trustees extend their sincere appreciation for their accomplishments during the past year. The task of administering the affars of the Library has been greatly lightened by their cheerful and intelligent cooperation.

For the Trustees
Edward H. Kittredge, Chairman

REPORT OF THE LIBRARIAN

For the Year 1942

To the Trustees of the Robbins Library:

I herewith submit the report for the year ending December 31, 1942.

After more than a full year of war one can be thankful that the activities of the Robbins Library in behalf of the community have not been curtailed but one more service has been added; that of service to the Symmes Hospital.

The war has greatly increased the problems of the library.

Books for the army and navy to the number of 6,652 and magazines without number were sorted and packed. Thanks are due the Boy Scouts who made house to house collection and helped pack. Senior Girl Scouts also gave of their time.

Many books were sent direct to stations designated by headquarters and others collected by the Seaman's Friendly Society.

In time of war, a reduction in recreational reading is inevitable. People can't read while they are making airplanes or sewing for the Red Cross but added inquiry on navigation and plastics is a gain.

The library which has carried the gospel of reading with zeal and related its work to community interests now is also directed by wartime goals. We know that we must have an informed and understanding people. We know that books are essential. We know that books are necessary tools of industry. We know that reading is a great stabilizing factor. We know that life must go on during and after the war and important activities should be restricted no more than is necessary for the prosecution of the war. We know therefore that our former standards for measuring library sevice just don't apply. We know the library has one

business: doing its part in winning this war. There must be no business-as-usual tactics. To exist, we must serve; and to serve, we must conform to the nation's needs.

HOW HAS THE LIBRARY SERVED?

Ninety-five class room libraries sent to the schools.

Pupils took home 16,668 books.

Spring book festival and special celebrations brought many children to the Library.

From all schools at Book Week came many children.

Special exhibit of books taken to the Brackett and Peirce Schools.

For the children suitable exhibits of artistic merit, present day interest, historical value or work of local persons.

Many useful gifts were received by the Library during 1942.

A piano from the Chairman of the Board of Trustees, Mr. Edward H. Kittredge, enables us to have a piano in both halls.

The Library is appreciative of the various books, magazines and maps, gifts from thoughtful friends.

To the newspapers of the Town we are again indebted for much helpful publicity.

For those who have given flowers and plants there is appreciation.

To those who so generously gave of their books and magazines in our Victory Book Campaign and helped in the work there is gratitude.

400 books were collected by High School pupils..
180 by Arlington Woman's Club, as well as the many by the Kiwanis Club.

The year brought two resignations in our Staff. Miss Louise Campbell resigned in May to take a business position, and Miss Jeannette Andersen in July.

Miss Miriam Wight joined the Staff in July.

Almost without exception the members of the Staff have taken courses; some cultural but mostly courses that have to do with our present day problems.

The Librarian and Staff members have spoken at Parent-Teacher groups and clubs.

As the year closes, the Robbins Library looks back on many years of library service; 50 years in November the

present building was opened, a gracious gift from Mrs. Maria Robbins in memory of her husband, Eli Robbins, to a then small New England village.

Whatever of changes the year 1943 will bring forth the Robbins Library and its Staff will stand ready to do their small part in preserving American ideals.

Again I wish to take the opportunity to express my appreciation of the co-operation of the members of the Staff.

I am also grateful to the Trustees for their confidence, advice and help in administering the Library affairs.

Respectfully submitted,

(MRS.) LUCINDA FIELD SPOFFORD,
Librarian.

REPORT OF THE CURATOR OF THE ROBBINS PRINT COLLECTION FOR THE YEAR 1942

In this first turbulent year of war, 1942, the work of the Robbins Print Collection went quietly on. The large number of portraits catalogued and filed away have filled the solander boxes almost to repletion; but the present equipment is being made to serve as long as is possible. Only necessary supplies were purchased, and the only portraits acquired were the lithographs which complete the English Writers series by Walter Tittle, whose complete Arms Conference set we also own.

The department sustained a loss in the death of Mr. Arthur Wellington, whose continuous interest in the collection and its proper handling was always a stimulus to the zeal of the curator.

During the year the following portraits were acquired:

De La Mare, Walter
Drinkwater, John
Haggard, Sir Rider
Hewlett, Maurice Henry
Hutchinson, A. S. M.
Jacobs, W. W.
Lodge, Sir Oliver

These lithographs were executed in London by Mr. Tittle, in 1922.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Arlington:

For the fourth consecutive year the same nine members of the School Committee remained in office. At the Annual Meeting in March, Mr. Joseph J. Bevins, who had served very effectively as Chairman of the Committee for two years, declined to be considered as a candidate for another term, and the present Chairman, who at that time was starting his seventh year as a member of the Committee, was chosen.

The Chairman is fortunate in having a Committee membership whose length of service ranges from five to eighteen years, and whose members are, therefore, in a position to render efficient service in the important capacity as the "Board of Directors" of the Arlington School System.

One of the most important functions of the School Committee is the selection of the Superintendent of Schools. By the untimely death of Mr. Joseph S. Keating, who had been elected to the position in 1937, it became the duty of the Committee to fill the office of Superintendent.

Mr. Keating's death, after a brief illness, was a severe shock to the members of the Committee and the School Department and a heavy loss to the Town.

Eight of the present nine members were on the School Committee when Mr. Keating was elected in 1937. He was selected after the usual careful consideration of many candidates and with the realization that his experience as Superintendent was obtained in a school system considerably smaller than that of Arlington. The readiness with which Mr. Keating grasped the details of the Arlington school system soon convinced the Committee that he was an outstanding Superintendent. As time went on, his ability and character won him the devotion and loyalty of the School Committee, the respect of the pupils and the regard of his fellow citizens. In his few years with the Department he administered the schools impartially and efficiently and introduced many improvements in educational methods. His

passing, at a time when the schools were just beginning to benefit from his able direction, was a loss to the Town which can never be evaluated.

As a successor to Mr. Keating, the Committee chose Mr. Clifford R. Hall, who entered upon his duties on July 1. Mr. Hall is a graduate of Tufts College and Harvard University, and at the time of his election, was Superintendent of Schools at Natick. In school work since his graduation from college, he has served as teacher, high school principal and superintendent. Therefore, he comes to us with a broad experience and after a career which has demonstrated his ability to progress. In the few months he has been with us he has handled the many unusual problems which have arisen in operating a school system in these difficult times in such a way as to assure the Committee that he will be equal to the task of maintaining the high standard which is characteristic of the Arlington schools.

This past year the present school buildings were adequate to accommodate the school population, although the increasing enrollment at the Brackett School will require completing one of the four unfinished rooms on the ground floor by next year. The seventy-year old Russell School showed still further decline in enrollment. With the consent of the parents, some of the older pupils were transferred from the Russell School to the Parmenter and Crosby Schools, which allowed the closing of all but one room on the third floor of the Russell School. This was a worthwhile step from a fuel economy standpoint. As pointed out many times previously, action should be taken to replace the Russell School. The present view of the method of accomplishing this is to build two smaller schools, one to the east of the Russell to accommodate the pupils north of Broadway and east of Medford Street, and the other, to the north to care for the school population in the Mystic Lakes and Morningside sections of the Town. It is hoped that the necessary two sites can be acquired in 1943, thus putting the Town in a better position to build when conditions are more favorable.

The extensive use of the school buildings by outside organizations has continued this year and besides we have had the added requirements of the Civilian Defense organizations. The school buildings are Town property and, therefore, should be available for use by the citizens of Arlington. Under the present accounting methods the over-time for janitor service is paid from a special appropriation administered by the School Department. Organizations which reimburse the Town for this janitor service and for rental are compelled by law to pay the money to the Town treasury. The increased use of the schools was so extensive that the amount of money included in this special appropriation was sufficient for ten months only and additional money had to be obtained from the emergency fund to cover the use through November and December.

The total amount appropriated for the schools was $676,880. To determine the actual cost to the taxpayer, the income from the State, from tuitions, etc., plus the unexpended balance should be subtracted from this to leave a net cost of $603,802.

For further details as to the operation of the School Department, your attention is called to the report of the Superintendent of Schools, which follows that of the Chairman.

The year included another distinct loss to the School Department in the death of Mr. Alban Fowler, the Head of the Science Department of the High School. The following tribute to Mr. Fowler is paid by Mr. Gammons:

> "Mr. Fowler came to our school in September, 1921, and was Head of the Science Department. He was highly efficient, an excellent teacher, with a very conscientious and professional attitude. He gave his pupils the opportunity of getting a very sound foundation in the subject of chemistry. He was a man of great integrity and a fine character."

As to be expected, the war caused many changes in the personnel of the School Department. We honor the following members who are now in the armed services:

Arthur T. Burroughs
John P. Dempsey
Richard Faldetta
George F. Fusco
John A. Geary
John D. Haley
Edward H. Hardy

The Committee wishes to express its appreciation to the entire personnel of the Department for their usual enthusiasm and devotion to duty, and particularly for giving unselfishly of their time and energy in connection with the Rationing Program. Not only was the rationing in the schools handled very satisfactorily, but many of the teachers contributed time outside of school hours to the Fuel

Rationing Program by assisting in the computation of the oil allotments.

The Committee is particularly indebted to Miss Keefe and her assistants in the Superintendent's office for their work while the Superintendent's position was unfilled, which period included the work in connection with the Sugar Rationing.

This year, as in other years, it has been a pleasure to work with the other departments of the Town because of the spirit of cooperation which has always been evident. We appreciate especially the work which the Planning Board has done in studying school sites as we feel their approach to this School Department problem is consistent with the responsibilities of that Board.

Respectfully submitted,

JAMES W. KIDDER,
Chairman.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS FOR THE YEAR 1942

To the School Committee of Arlington,
Ladies and Gentlemen:

It is my privilege to submit for your consideration the following report of the schools for the year 1942. In view of the fact that my term of service includes only the second half of this year I am including excerpts from the annual reports submitted to me by principals and supervisors. The theme of this report is the effect of the present emergency on our department.

EDUCATION AND THE PRESENT CRISIS

It is the purpose of every school executive to conduct the schools on as normal a basis as is possible. We will make every effort to prevent those pupils entrusted to our care from being affected in a way which would tend to lower morale; but "education as usual" is as obsolete as "business as usual." Nevertheless, we should attempt to maintain the American schools as the most stable organization in the country. Every phase of the war effort—selective service, rationing, price control, war financing, industrial production—depends for its success upon an enlightened citizenry.

The policy of the schools must be determined in the light of many facts. Rapidly changing conditions cause us to be confronted with continuous problems in the planning of a definite program. It is evident that curriculum adjustment is essential, especially in the high school. Every able-bodied high school boy is destined for service in the armed forces. Labor shortages in industry and agriculture will draw large numbers of boys and girls from high school and demand part time service of many others. The correction of educational deficiencies revealed by the draft is a definite duty of the schools. Adjustments and curriculum revision are under way and definite accomplishments in our effort to meet changing demands are treated in greater detail later in this report.

The teacher situation throughout the nation has received much attention. The shortage of teachers occurs mainly in the subjects handled generally by men; science, mathematics, general shop work, physical education and coaching of athletics. To date, eighteen men teachers have entered the armed services. We have, I believe, been more fortunate than most systems in covering these vacancies. Other vacancies may occur, however, where, because the teacher situation is becoming more acute, we may experience difficulty in maintaining a reasonably satisfactory standard of instruction in some subjects.

With much severe cold weather, the matter of continuing regular school sessions in buildings using fuel oil is an uncertainty. By the time this report is available to the citizens, some school time may already have been lost in the two buildings where fuel oil is used; namely, the new portion of the High School and the Brackett School. Both these buildings have regulation, oil fired boilers which are expensive to convert to the use of coal. Attempts have been made to arrange for this conversion but the expense is great and the time it would take to procure and install special grates would carry us nearly by the heating season. At best, the conversion of an oil fired boiler would mean an inefficient heating system. Coal is higher in price and poorer in quality and, with the transportation problems, may also be difficult to obtain.

The extensive evening use of our school buildings has been curtailed, although public safety groups must continue for want of other available meeting places in the various parts of the Town. These groups have cooperated, however, by conducting their safety training courses in rooms at a much lower temperature than normally should be provided.

Citizens are fully aware, I am sure, of the extensive amount of time given by our teachers to the war effort. It is only logical that such a well-organized group should perform such services as the registration for the rationing of sugar, for the rationing of gasoline on two separate occasions, for the rationing of fuel oil, assisting in the Se-

lective Service registration, and promoting the sale of war stamps and bonds. The registration for War Book Number Two, a project which will mean the filing of applications and distribution of forty thousand of these books in Arlington, will, no doubt, face us in the near future.

CURRICULUM CHANGES AT THE HIGH SCHOOL

Adjustments in our program in accord with the new "Victory Corps" recommendations of the U. S. Education Department are explained by the principal of the high school in his annual report, excerpts from which follow:

"The Federal Office of Education at Washington has asked all high schools to offer preparation to the pupils that will help the war effort. In accordance with this request we have introduced a course in elementary aeronautics with sixty-three senior boys enrolled and a course in automotive mechanics with thirty-three senior boys enrolled. Also we are giving pre-induction courses in mechanics and in electricity to a large number of boys in the senior class.

"We have also expanded and changed our physical training program to meet the war needs. All of the girls are now taking physical training at least twice a week and all of the boys are taking it five times a week. Furthermore, the nature of the training has been changed to meet the recommendations of the army and navy authorities so that our pupils will be toughened physically. As far as possible we shall correct individual physical deficiencies.

"In our classes in social studies, a greater emphasis is being placed on present day world affairs and problems. This, we believe, will enable our pupils to understand better the political, social, and economic conditions at present and the needed changes in these fields in the future.

"While we are giving our pupils much practical and specific training to make them more valuable in the war effort, we are continuing to give them training in the non-practical subjects. We believe this is necessary in order to prepare them with the good general education that they

will need to help them solve the after-war problems and to develop the right kind of leaders.

"I believe that the great majority of our teachers and pupils are very willing to do all they can to help in the war effort. Many pupils have already volunteered their services in such war work as the rationing and civil defense work. A large majority of the pupils have joined the Junior Red Cross and have contributed to the Christmas boxes sponsored by that organization. Last year a Student-Council committee conducted a successful scrap paper collection campaign and turned the money over to the Civilian Defense Committee to build and equip two emergency Red Cross chests. This year our Student Council members are selling war savings stamps and bonds with good success.

"Although we have made changes in our school work that are necessary because of the war, we have been able on the whole to give our pupils a normal school life. We shall continue to do so as long as possible because we believe it to be best for their future progress and happiness."

WAR FITNESS PROGRAM

We all recognize the fact that we are faced with the greatest emergency of all time. Success can come only if each citizen lives and acts as if the outcome depended on him alone. Sacrificial effort on the part of each and every one of us is absolutely essential. It will involve service in the armed forces for most young men, and work in industry and agriculture for many young women. Our military leaders state that physical education programs in our high schools must be stepped up to cover much of the physical fitness program now being carried on in our camps and training centers. Large numbers of the young men inducted into the service, although they have no serious physical defects, are not sufficiently developed in skills, strength, endurance and coordination so that the training program has been retarded for several months until such time as the recruits may be built up physically.

In view of these findings, the government has recom-

mended a Physical Fitness Program for all young men and women of school age who may be called upon to play some part in this war effort. Our own physical education teachers attended a three-day "Physical Fitness Institute" held at Boston University under the auspices of the government representatives. This program demands vigorous participation over a longer period of time. Intensive exercises and drills are being used to harden the individual and bring all muscles into play. This program, highly essential now, is desirable any time and our physical instructors are making changes and adjustments to allow sufficient participation on the part of all of our youngsters. This war conditioning program, recommended mainly for high school pupils, is applicable to the younger pupils of the junior high and elementary schools, in a modified form. We are handicapped, however, in our junior high school program as we have but one gymnasium which is entirely suitable—at the Junior High School East. The gymnasium at the Junior High School West is small and the dressing and shower facilities are only fair. This space must also be used at times for assembly purposes. The Junior High School Center has no gymnasium other than a basement room, smaller than a classroom and with no shower facilities.

Nevertheless, despite these inadequate facilities this health program is bound to be beneficial. It promises to achieve the objective of an improved physical fitness for the participants, inducing strength, endurance, stamina and bodily coordination. This is something to develop and expand in our curriculum, and to perpetuate beyond the war years.

REPORT OF THE DIRECTOR OF GUIDANCE

1. The Organization of the Department.

"The department was very fortunate in having assigned to it in September a room which was divided into two sections. One section is used as a combined reference and waiting room and the second, an administration and

counseling room. This change of room provided space for bulletin boards—an important medium for displaying educational and vocational information. The new room has also provided adequate space for files containing cumulative pupil records, occupational information plus school and college catalogs. The room is also large enough to provide reasonable space for simultaneous conferences by several counselors.

II. "Specific Activities of the Department.

A. To assist pupils in the junior and senior high schools to obtain the kind of experience that will help them attain their highest and fullest development;

B. To assist pupils to recognize their limitations and potentialities, develop their abilities to the fullest possible extent, and utilize this knowledge and development in planning their school and post-school careers;

C. To make available to parents, teachers, principals, and other school personnel, information which they may use to assist students toward the goals named above.

"In attempting to carry out the foregoing, specific activities have been planned which will provide, insofar as personnel will allow, adequate coverage of the department aims. They are as follows:

1. Curriculum adjustments.
2. Subject failure counseling.
3. Senior counseling.
    a. College problems.
    b. Placement problems.
    c. Armed Services problems.
4. Junior counseling.
    a. College selection and course selection.
    b. Preliminary vocational choice.

5. Testing program.
   a. Individuals as result of problem cases.
   b. Groups
      Junior High—Grade 9.
      High School—Grade 12,
      Special subject groups.
6. Special vocational information.
   a. Opportunities in the Armed Services.
7. College scholarships—publications and assistance in securing the same.
8. Stimulation of the better pupils.
9. Testing and recommending pupils for trade schools.
10. High school and junior high school pupil programs for 1943-44.
11. Research on courses.
    a. Changes to meet present and future needs.
    b. Basic requirements for advanced units of certain subjects.
12. Failures of 1941-42. Review for present status.
13. Outside speakers on educational and vocational topics.
14. Occupational and educational files
    a. Bibliographies.
    b. Subject matter file.
    c. Catalog files.
15. Junior high school guidance
    a. Meetings with Guidance Chairmen.
    b. Meetings with Principals.
16. Personality adjustments.
17. Selling Guidance to students and faculty.
18. Placement.
19. Graduate follow-up.

III. Department Accomplishments for the period September-December, 1942.

"During the first several weeks of school, the Department was busy making curriculum adjustments for high school pupils. This work assists the school administration as well as the pupils and is a means of reducing the amount of time necessary in completing pupil schedules at the be-

ginning of the year. Throughout the year pupils with failing or near failing grades are counseled by the department. When necessary, a pupil is called for frequent conferences and a definite follow-up system of checking class work is set in motion. As a result, adjustments have been made in pupil progress to allow pupils to take work best fitted to their individual capacities.

"We have attempted to provide boys with the latest available information regarding opportunities in the Armed Services, as well as other war-time activities. Definite publicity has been given to college scholarships that are available and the advertising of them by the department will be continued throughout the year. In this way it is hoped that a few qualified students who lack necessary funds will be able to take advantage of further education. We are keeping abreast of both State and Federal recommendations for war-time courses and will, when the need arises, recommend to the Administration changes in the various curricula.

"A Junior High School course of study, which was prepared under Mr. Roens' supervision, was mimeographed this fall. Each of the guidance teachers in the junior high schools, as well as the Principals, received a copy of it. A meeting has been held and future ones are scheduled to discuss with the junior high school guidance chairmen the use of the Course of Study. It is hoped by frequent consultations that the best possible procedures for guidance in the Arlington junior high schools will be made available to teachers and administrators. Due recognition will be given to necessary individual differences among junior high school groups. Group testing will be done in grade nine of the junior high schools in January and for college preparatory grade twelve pupils in the high school. Special aptitude tests will be given early in the spring to assist pupils in curriculum selections.

"The department has co-operated with the administrative officials of the school system and with various faculty members through several media. Some of these procedures are testing pupils and making recommendations to teachers, interviewing pupils who appear to be in the wrong curriculum, counseling with students who are not well adjusted in the classroom, calling the attention of teachers to any physical handicap such as hearing or vision that a

pupil may have, and calling in parents for conferences relative to pupil work.

"Since September, placement for both under-graduates and graduates has become a definite problem. We believe that at present the department, representing the School System, should co-operate, insofar as it is possible, with business in finding employees. In addition, your Director believes that the right type of co-operation with employers during this trying period will create good will and should result in job calls for Arlington High School pupils and graduates during the coming years when workers may be more plentiful than at present. The calls for graduates have exceeded the applicants. The department has co-operated with such agencies as the United States Post Office Department by securing part-time employees for the Christmas season, and with the Town of Arlington in securing a group of approximately one hundred boys for emergency snow shoveling. Volunteer workers have also been secured for the Arlington Rationing Board. At the writing of this report the number of placements made by the Department from September through December is estimated at between 300 and 350. In a recent survey, it was found that about 600 pupils in the high school are regularly employed and that approximately 380 are working a part of at least six days.

"At the present time two special projects are in the developmental stage. One project will, through a series of displays, point out to students the value of maintaining an acceptable school record. This is necessary as many of our present pupils are taking an attitude that inasmuch as jobs are easy to get or that military service is "just around the corner" their high school records are not of primary importance. A second project is also being planned which will demonstrate to pupils where they may best serve in the all-out war program.

"The department is accumulating material to be used as a teachers' reference library in the field of guidance. It is hoped that this reference material will aid faculty members in obtaining an increased knowledge of the guidance function. We are also preparing folders for pupil use. The topics to be covered are: How To Study, Occupational Survey Procedures, Facts About Getting And Keeping A Job.

These booklets will be available for pupil use within a reasonable time."

HOUSEHOLD ARTS DEPARTMENT

Cooperation with the war effort is very evident in the report of the Director of the Household Arts Department. Adjustments to the course of study provide the girls of our junior and senior high schools with much valuable instruction which is not only of great value during the present emergency but will be in the distant future. More detailed information as to the progress being made is taken from the report of the director which follows.

"Our chief aim has been to adapt our Home Economics program to meet some of the war problems which are facing our homes. We encourage saving, discourage needless buying, and teach our girls to go without some things to which they have become accustomed, and to substitute such commodities and materials as are available.

"We are teaching the students to plan, prepare, and serve simple, low cost, family meals, stressing the following points:

1. Selection of food for health.
2. Economy as well as nutritional value.
3. Use of available substitutes.
4. Contribution to Civilian War Effort.

"In the Clothing classes we have emphasized care of clothing, remodeling and renovating, and have many times made changes in our regular course to permit the girls to make the garment needed at a specific time. We are finding it necessary to use many substitute materials which make the constructive processes more difficult. This past school year the girls in the Senior High School made eighty children's woolen dresses for the Junior Red Cross. The Director of the Junior Red Cross asked permission to send a few of these dresses to Washington Red Cross Headquarters as examples of beautiful workmanship. We are starting another consignment of Red Cross garments."

MANUAL ARTS DEPARTMENT

The Director of the Manual Arts Department, in his annual report, presents several adjustments in this curriculum which are in keeping with current educational trends.

"Manual Arts seeks to promote an appreciation of the importance of tools and machines in modern society. It lays the foundation for an understanding of the problems involved in industrial production; and, at the same time, extends the pupil's ability to become a competent judge of the quality of industrial products. Manual Arts education does not emphasize the specialized skills of a single trade; but, rather, provides exploratory experiences in several types of industrial skills.

"As a result of Manual Arts experiences the pupil should know how to be able to: (1) more judiciously choose an occupation; (2) form an opinion of his ability and interest in constructive activities; (3) develop an interesting and wholesome hobby; (4) more wisely choose and purchase industrial products; (5) better understand the work done by men who serve society through the application of manual skills.

"The study of skills and technical knowledge involved in the Manual Arts is a field rich in natural correlations with other school subjects. At one point the industrial arts draw upon the principles of design. At another, they employ the discoveries of science and provide applications of the principles of mathematics and technology; and in so doing, they reflect the economic system under which we live. In addition to the encouragement of constructive ability, instruction in the Manual Arts offers unusual opportunities for the motivation of the study of design, drafting, physical sciences, mathematics, and social studies.

"Work in the Manual Arts will, of course, in later years take on the nature of vocational training for those who have the necessary intelligence and aptitude. The need of vocational work is illustrated quite dramatically at the present time in our war production program. The need for a vocational school in Arlington was never greater than at present.

"During the calendar year drawing to a close, much of the Manual Arts work has been in the form of defense activities. In the junior high schools, the general shops developed an all out program for the United States Navy in the construction of model airplanes. At the Senior High School many of the large type bombers were built. Last June one hundred and fifty three model airplanes were shipped to the Naval Base at Squantum, after undergoing a rigid examination. At the present time, we are ready to ship approximately one hundred more. These models are used by the United States Navy for training in range finding and identification.

"In the general shop at the Senior High School, the Arlington Defense Committee kept the pupils and teachers busy in constructing three long collapsible tables for the mobile canteen; and for the medical unit, four first aid chests, thirty-two stretchers, and one hundred full length splints.

"Our school shops can be of great help in the war effort, by giving a greater number of pupils an acquaintance with tools and their use. A desirable course would be one to meet the current need for inspectors in industry, and to contribute toward the general education of pupils, who will gain their livelihood by industrial pursuits. Such a course should contain a study of micrometers, calipers and gauges, the reading of blueprints and charts, shop terminology and shop mathematics. There has been a gradual increase in the pupils electing mechanical drawing during the past four years. An increasing number of new projects has been introduced pertaining to the airplane, which is proving very helpful at the present time. Increased facilities in this work are of paramount importance."

THE PUBLIC ADDRESS SYSTEM AT THE HIGH SCHOOL

This system was made available by vote of the citizens at the last Town Meeting. Installation was begun as soon as the school closed in June and was completed early in September. We were exceedingly fortunate in obtaining the necessary equipment as most of these items are no longer available. The broadcasting device is located in the prin-

cipal's outer office. It is a two-way system and a conversation may be carried on between any teacher and the office. Each room in the building is equipped with a loud speaker. Any room, series of rooms, or the entire building may be hooked in. The main unit also contains a radio and any program deemed educational may be broadcast to any number of classrooms or to the entire student body and faculty. This system is used extensively; it is very clear and distinct, tends to unify the school, and serves a long felt need.

REPORT OF JUNIOR HIGH SCHOOL PRINCIPALS

"The war has created new problems for the school. First, there has been in the pupils the inspiration of an attitude of sane participation, of constructive thinking, and of sincere patriotism. Frequently the school population has answered the call to buy war savings stamps, to collect scrap iron and paper, to spread information about the rationing programs, or to join the Junior Red Cross. Our latest contribution at this writing is the collection of money for the Arlington War Memorial. In our Navy records is inscribed the record of the school children of the Commonwealth of Massachusetts in presenting an electric organ, a combination victrola and records to the U.S.S. Massachusetts. Thus, the school tries to encourage real patriotism. At the same time, the school must face the unpleasant side of war. Air raid precautions with proper training and drills have demanded changes in organization. Our pupils are being educated to be prepared for such an emergency through clear thinking, orderliness, and strict obedience. Each school building has been surveyed for zones of safety. Into these zones pupils are sent. Regular rehearsals are held. Because of the great differences between buildings, each school has had to set up a plan peculiar to that building.

"Yet educational progress has not been neglected. A new outline for Science was prepared to be tested through usage and re-tested if necessary. This program was in anticipation of the Federal emphasis on Science and Mathematics in the secondary schools. Guidance periods have been provided in each school to aid individual pupils in planning careers appropriate to individual needs and abil-

ities. Report cards were studied and revised under the supervision of our new Superintendent. At this time we are planning to make a careful study of the physical education program in terms of physical fitness, as suggested by Federal authorities, and shall meet with our Superintendent to create a practical program that will insure healthy citizens. At the same time, we are not forgetting the problem of academic education and are creating definite plans to improve the standard of penmanship. The selection of a new spelling text for grades seven and eight, and a new social studies text for grade nine makes imperative a revision of the course of study in these fields."

REPORT OF THE SUPERVISOR OF ELEMENTARY EDUCATION

Courses of Study

"Special committees, the set-up of which was explained in my report for last year, have given serious attention to the betterment of the curriculum. It is obvious that no course of study can remain static and continuously effective, especially during these rapidly changing times.

"The course of study in Safety was placed in the hands of the teachers last September and is being used with satisfaction. A definite effort was made to build a course which would strengthen the teachers' efforts toward more effective teaching of desired safety attitudes and habits. Every attempt was made to give individual children an opportunity to guide themselves to the fullest extent within the realm of safety and courteous conduct. The aim of the course is to direct attention to the problems of safety on the highway, in the school, in the home, and in all the activities of modern life. It includes a supplement on Air Raids which emphasizes the carrying out of instruction through drills. The procedure for presenting the material will vary according to the teacher and the grade in which it is used.

"A splendid beginning was made in the revision of the course of study in English and will be continued during the next school year. The unit on Spelling has been completed and will soon be mimeographed and ready for distribution.

Spelling Textbooks

"The spelling books in the elementary grades were in poor condition due to constant wear for several years. For this reason, and because a better aid in the teaching of spelling was desired, a committee was appointed which made a thorough study of recent spelling texts. A series was selected which we believe was developed to make systematic provision for individual writing needs and is consistent with the philosophy of modern education. The teachers of the first and second grades are using the manual of the series in order to give a background for the new method and to give systematic instruction where there is need for it. The third and fourth grades have already been supplied with the new books, and we hope the fifth and sixth grades will have the texts in the near future.

Social Studies

"War and coming reconstruction call for changes in Social Studies programs. We must be cognizant of our grave responsibility in instructing tomorrow's citizens that they may acquire an understanding and appreciation of the underlying principles of democracy. Social Studies teachers and administrators must together plan a program which will clarify the issues and conduct of the war, and prepare for the making of a just and lasting peace.

Reading

"It has been said, 'If the school gives the child nothing but the ability to read, it has fulfilled its chief task, for the key to books is the open sesame to the door of opporunity.' For several years stress has been placed on the improvement of reading. The intensive reading program is being continued with added enthusiasm and efficiency. Last May standardized reading tests were given to the pupils of each grade. From the findings of these tests, teachers gave as much remedial help as possible before the close of the school year. In September the test results were passed on, with other personal records of the pupils, to the succeeding grade. The results furnished information by which the teacher could group her class according to reading ability. These diagnostic measures also give the teacher a picture of the strength and weakness of individual members of her

group and enables her to apply remedial measures wherever needed. As pupils in the lower groups show sufficient progress in reading ability, they are placed in a more advanced group. If education is to be provided for all children, the instructional program must meet the needs of the widely varying abilities among the children.

First Grade Entrants

"As in other phases of a child's development, performance cannot be impelled before the child has reached the level of development at which he is ready to read. Following my recommendation in last year's report, the testing in grade one was done early in September. A group intelligence test was administered by the principals to small groups and an individual test was given by the supervisor to pupils who, in the teacher's judgment, seemed immature. Children who made low scores or who appeared to be inaccurately measured by the above testing program, were given an additional individual intelligence test by Dr. Lincoln. There was high correlation between the results of the local testing and the results of the Stanford-Binet examination by Dr. Lincoln. In case the mental maturity of a child indicated that he would be unable to have successful achievement in his beginning school work, the supervisor advised the parents to withdraw the child from school until the next school year. Several parents accepted the recommendation, and we feel confident that with the greater maturity of these children will come more security and a happier school experience.

Library Activities

"The use of the school libraries is steadily increasing and great effort has been made to encourage more outside reading for information and enjoyment. Through the generous interest of Mrs. Spofford and her assistants, many pupils derived benefit and pleasure from visits to Robbins Library, East Branch, and Dallin Branch, during National Book Week. Mrs. Montague's story period is a highlight of these visits.

Parent-Teacher Associations

"It is always a joy to record acts of generosity to the schools, and it gives me great pleasure to report that several of the elementary schools have been enriched during the past year by gifts from the Parent-Teacher Associations. The gifts include, among other things, two sound motion picture machines, two duplicating machines, two large pictures for the classrooms, and a two-hundred-dollar defense bond. Individual members of the associations gave valuable assistance during the rationing of sugar, have helped, and are continuing to help, with the sale of defense stamps. This cooperation on the part of these worthy organizations is most commendable and I wish, on behalf of principals and teachers, to make special mention of it."

OUR INDUSTRIAL ARTS SCHOOL

This school accomplishes more, in my estimation, in the molding of the best kind of citizens than any school of its kind anywhere. A departmentalized school, it offers academic work, hand work, including shop mechanics, loom work, cooking, nutrition, and home care. The guidance program plays an important part with follow-up work of pupils at home and at employment. The Junior Citizens' Club, made up of the entire membership of the school, has engaged in meetings, excursions to places of civic interest, and library periods; with its programs made up principally of educational projects. In general, this character building program, the main objective, guarantees to society a useful citizen. More of our townspeople should visit this school. They will be convinced of its value.

WORK OF THE ATTENDANCE DEPARTMENT

The School Department has two home visitors and a teacher of physically handicapped children. Home instruction is required in Massachusetts in town or cities having five or more pupils handicapped to such an extent that they cannot attend school. At present there are eleven of

these children in Arlington. The good work of the teacher is evidenced in the fact that nearly all of these pupils who are able to return to school take up their studies without loss of a grade.

The home visitors must check all delayed enrollments at the opening of school in September, take the school census of all children of school age, as required by law, and make daily attendance visits. Each principal reports daily regarding absent pupils. The department owes to parents employed in war work an extra responsibility during this emergency. The home visitors' share of this responsibility takes the form of an increased number of evening visits, made necesary by the fact that the parents are not available in the daytime.

Our school census brings to light the fact that a number of children attend school in Arlington whose parents live elsewhere. These boarding children are looked up and each case is considered in relation to the collection of tuition.

Other visits to homes are made to bring about individual adjustment. These cases are referred to the home visitors by principals who discover that some factor outside the school is causing difficulty and needs to be remedied in order that the child may make normal progress in school. The adjustments also grow naturally from needs arising in connection with attendance work, boarding children and particularly with physically handicapped children. Always it is the purpose of our home visitors to bring the child into a natural relationship with his school and his teacher so that he no longer needs extra attention.

All boys and girls between the ages of sixteen and twenty-one who are employed must obtain a State Employment Certificate from the School Department office. There has been a large increase in the number of these certificates issued.

Both boys and girls may attend state-aided trade schools in other cities as Arlington has no school of this

type. The state law permits any pupil to obtain vocational instruction elsewhere provided he has attained his fourteenth birthday and it is evident from his record in our schools that he can profit by such instruction. It is the duty of the home visitors to check these records and to approve the applications of these prospective trade school pupils for admission. The Town must pay the tuition of these pupils from the school budget, although half of this tuition money is returned to the Town treasury by the State.

OUR ANNUAL ART EXHIBITION

All of our pupils have the opportunity to study art and drawing during a portion of their public school education. Those who have special talent may elect the subject for additional study. Drawing is a sure way to develop the imagination. Arlington citizens may point with pride to the accomplishments of our Art Department. If anyone is in doubt he should take the time to visit the annual exhibit at the Robbins Library. The well-known art critic, Mr. A. J. Philpott, had the following to say in reference to his visit to our exhibit last September:

"The work as a whole is surprisingly good. All grades are represented. It is very evident that this educational feature is taken very seriously in Arlington. Both the teachers and the pupils are to be congratulated on the work shown in this exhibition. In the lower grades the children are taught to make designs with colored papers. Next come the drawing and the use of pencils, pens, and colors. Here again the poster work is outstanding. The lettering and the captions are good. In point of fact lettering is one of the most difficult and one of the most essential parts of all poster work. It should be part of the design as a whole, but it should not dominate the central feature of the design. Of course, much of this poster work relates to the war and to war activities. But aside from this there are some fine designs of a commercial character. There are some excellent flower pictures; architectural scenes, landscapes and drawings from life."

OBJECTIVES AND RECOMMENDATIONS

It is unwise to make definite recommendations without a longer association with our problems. However, several items listed below have been previously recommended and are deserving of consideration. Other items of lesser importance may be considered as objectives in the general improvement of the school system.

1. Further cooperation with the war effort through the extension of the so-called pre-induction courses now being taught in the high school.

2. Planning the civic course at the high school to include a program for the boys not intending to enter college, which will give them the broader foundation of trade training which apparently is what the Federal Government tends to recommend for the future. A definite trade school course has already been given some consideration in Arlington and a broadening of our limited vocational work along the lines now being recommended would lay a substantial foundation for the time when housing and equipment for a trade school may be provided. The Town spends a substantial sum each year for vocational instruction in schools elsewhere and many more boys would take advantage of such instruction were it provided at home.

3. Development of a physical education war fitness program. A definite program is recommended by the Federal Government. We have already put into use some portions of these recommendations. Further adjustments to our program will bring us more into line.

4. Extension of our summer playgrounds to the end of August. Due to the present emergency more of our children will remain at home during the summer vacation. An organized playground program of eight

or nine weeks duration, instead of the usual six weeks, should be advantageous as a recreational and safety measure.

5. Development of instruction through further use of visual aids. Much more can be accomplished in a shorter time through use of teaching films now being made available on an extensive scale on a rental basis. Several of our Parent-Teacher Associations have cooperated through the purchase of sound equipment in some of our buildings. This program is handicapped at present as much equipment is not available, but this phase of education is bound to play a big part in our instructional service, and plans should be made to make this type of teaching available to our pupils.

6. Extension of instruction in instrumental music to include the upper grade of the elementary schools. Piano classes are organized for these grades and previously, pupils who played an orchestral instrument had an opportunity of belonging to one of the elementary school orchestras. Unfortunately these orchestras are not organized at the present time due to lack of an instructor. Some portion of the time of the present instrumental instructor may be worked out to avoid much additional cost for this type of instruction in the elementary schools.

7. The replacing of the Russell School has been recommended for some time. Actual construction of a building or buildings is out of the question for the near future. Progress has been made, however, as it is understood that a joint recommendation is to be made by the School Committee, the Planning Board and the Programming and Planning Committee to purchase some land for two sites. One site would provide for a building to house those Russell School pupils east of the center, and the other to care for the Mystic Street, Summer Street, Morningside

section as well as any housing development in the Cutter Hill section. This is a good business proposition now as land values are due to increase when new housing is again possible. The two-site plan will afford more convenient school facilities than we have at present to care for the pupils in the sections covered by the present building .

CONCLUSION

May I take this opportunity to express my appreciation for your support of my endeavors and for your genuine interest in the education and welfare of the young people of Arlington.

Respectfully submitted,

(Signed) CLIFFORD R. HALL,
Superintendent of Schools.

REPORT OF THE TREE WARDEN AND SUPERINTENDENT OF THE MOTH AND TOWN HOUSE GROUNDS DEPARTMENTS

The Honorable Board of Selectmen
Arlington, Mass.

Gentlemen:

I herewith submit my report as Tree Warden and Superintendent of the Moth and Town House Grounds Departments for the year ending December 31, 1942.

I was appointed Tree Warden on April 1, 1942, to fill the vacancy caused by the retirement of Daniel M. Daley, who had served the Town in this capacity for a good many years.

In the spring of the year, three hundred and thirteen (313) new trees were planted on recently constructed streets that were finished the preceding year, as well as some replacements where former trees had died.

Priority was not granted by the U. S. Government for the purchase of a new truck, so a ½ ton stake body 1940 truck was bought to replace a 1938 Dodge that was beyond repair.

Due to the shortage of experienced tree climbers in the department, much needed trimming on our large trees had to be foregone until a later date, but instead a goodly number of trees were trimmed umbrella high on many streets where low limbs existed.

This was an exceptional year for heavy foliage on trees and due to that fact, many requests were made for trees to be thinned out so that property owners and tenants as well, could get the benefit of light and air in their homes. These requests were all taken care of wherever it could be done without spoiling the shape of the trees.

Forty-two (42) trees that had died in recent years, ranging from 8 inches to 46 inches in diameter were taken out. A new power saw which was purchased this year proved its value over and over again in this work and without it I do not believe the work could have been accomplished.

The Edison Light Company contracted with the Davey Tree Expert Company this year to do its line trimming throughout the Town under my supervision, and all small branches interfering with their wires were pruned. All dead limbs above their wires were removed thereby making the trees safe as far as the Town was concerned.

GYPSY AND BROWN TAIL MOTH DEPARTMENT

The winter work of this department was carried on as usual, that is, creosoting Gypsy Moth Egg clusters and cutting off and burning Brown Tail Moth webs and Tent Caterpillar eggs. The condition of the Town in regard to the Gypsy Moth is about the same as it has been for the last four or five years and with proper attention I have no doubt that we can keep it under control. There has been a decrease in the amount of Brown Tail Moths this year and the only infestation found by this department was a small colony in East Arlington. The Tent Caterpillar on the other hand was very abundant and due to the very heavy rains in the early spring when no spraying could be done, we were handicapped considerably in trying to combat them.

The Elm Leaf Beetle was again prevalent this year and all elm trees on public streets were given two sprayings at the proper time. Although there were many trees detected where there had been beetle feeding, I do not believe the infestation was as heavy as in the years of 1940 and 1941.

An extra truck was hired this year again because of so many orders for spraying on private estates. When requested, this work was done, the property owner in turn

making a remittance to the Town for the cost of the work.

Because of the heavy infestation of Tent Caterpillar in late years we have started to remove all wild cherry trees on property owned by the Town. This species of tree seems to be their favored food and I would advise all property owners who are bothered with this pest, if they have any wild cherry trees on their property to get rid of them at once, as it is the only sure way of exterminating them.

TOWN HOUSE GROUNDS DEPARTMENT

The grounds bordering the Town Hall and Robbins House are cared for by the personnel of the Tree Warden and Moth Departments. The general upkeep of the property was attended to as usual.

Replacements were made on two large hemlock trees in the rear of the Menotomy Indian Statue as well as some flowering shrubs and dogwood trees that died during the winter months.

The Patriots' Day celebration drew another large crowd this year which necessitated roping off the front of the Town Hall as well as policing the grounds, which was done by the men of the department.

Due to the dimout regulations the spotlights used to illuminate the statue of Menotomy Indian have been extinquished for the duration of the war.

The base of the fountains on the front platform of the hall was planted with flowers again this year as usual.

Of late years children seem to congregate around the grounds on Hallowe'en night, so this year two men were stationed there to act as special officers, thereby preventing much damage to the shrubbery, etc. A watchman assigned by the Welfare Department was also on duty around the grounds every evening from 5 o'clock until dark, and every Saturday afternoon and Sunday during the summer months.

Removal of snow and ice from the front of the hall, the driveway in the rear, and the walks going through the property was taken care of as usual, as well as the driveway and walks surrounding the Robbins House.

A new chain link fence was erected this year to replace an old wooden fence that has been standing for years between the Town property in the rear of the Robbins House and the Eagleson estate on Maple Street.

In conclusion I wish to gratefully acknowledge the cooperation given me by the men of this department and all other departments of the Town. I also wish to acknowledge and thank Lester W. Cameron of the Fire Department for the use of his equipment and his personal services in removing large roots and tree stumps, which we would not be able to handle with our own equipment.

Respectfully yours,

GEORGE M. DOLAN,

Tree Warden and Superintendent
Moth and Town House Grounds Departments.

SUMMARY OF PROJECTS

CHARITIES

Sewing production for the needy was the chief activity, as in former years the manufactured product was sent to the Department of Public Welfare for distribution. The Personnel of this project was gradually curtailed and ultimately closed on November 21, 1942. Production consisted of:

Women's garments	561 pieces
Girls' and infants' garments	1,138 pieces
Men's and boys' garments	1,028 pieces
Quilts	144
Total	2,871

The service of Assistants at the Federal Surplus Commodities Depots were terminated May 30, 1942.

CLERKS AND TYPISTS

Temporary assignments augmenting various Town department personnel were terminated during the year, as follows:

Department of Public Welfare	April 11
Defense Committee	April 11
Tax Collector's Office	April 18
Board of Registrar's Office	April 25
Custodians of Equipment and Materials	May 23
Town Clerk's Office	June 29

PARKS AND PLAYGROUNDS

Assistants to the Park Department in the care and maintenance of parks and Matrons at Fenway Park and Reservoir Beach were assigned as in previous years. Services were terminated in the Parks on October 17, the Matrons on September 5.

TOWN BUILDINGS AND GROUNDS

Alteration and repair subject to approval were completed at the Robbins House, Old Town Hall, New Town Hall, Fire Station, Police Station and 1209 Massachusetts Avenue. Work at the Police Station was incidental to the installation of quarters for the Defense Committee. At 1209 Massachusetts Avenue alteration work was made at the request of the Federal Supervisor of the National Youth Administration Radio School. Assistant Janitor service at 1209 Massachusetts Avenue ended May 16, at the Police Station and Robbins House on June 1, 1942.

SANITATION

Rebuilding retaining walls and cleaning sections of Mill Brook and North Union Street Brook were done during the earlier months of the year.

SEALER OF WEIGHTS AND MEASURES

An assistant to this official was assigned at the beginning of the year and his services ended October 19, 1942.

STREET PROPERTY DAMAGE AND REPAIR

The construction and replacement of walls, walks, steps, driveways and grading were continued on Fayette Street, Glenburn Road and Hillside Avenue. This work terminated on June 8, 1942. Sundry cleaning and grading were completed on Lake Street and Massachusetts Avenue, respectively ending May 9, and April 18. Traffic signs and lines were installed under the direction of the Police Department. This work was completed September 17, 1942.

TRUCK DRIVER AND LANTERNS

Due to continued W. P. A. activity, the Town-owned truck operated under the direction of the Federal Engineer and Supervisors. Maintenance, distribution and collection of lanterns continued to June 30, subsequently the Truck Driver combined this work with his other duties.

MISCELLANEOUS

House investigations by a regularly assigned investigator were ended on June 1, 1942. The W. P. A. Local Coordinator has combined this work with other duties. Janitor service was furnished the Boy's Club from January 1 to June 1, and from September 27 to November 21 ,1942. Work incidental to flooding, cleaning and grading skating rinks at Florence Avenue Playground, Brackett School and Junior High School East, was completed April 25, 1942. Equipment at Town Yard was cleaned and painted and voting equipment was repaired and installed when necessary.

ABLE BODIED WELFARE RECIPIENTS

Welfare cases assigned to work	138	Man-days	596
Men assigned to work out Poll Tax	46	Man-days	46

WORK PROJECTS ADMINISTRATION

The number of workers obviously lessened throughout the year and the work was limited to a number of manual labor projects.

Maximum number of workers—177 in January.	
Minimum number of workers—55 in December.	
Federal expenditures for wages	$70,247.68
Town expenditures for material and equipment	14,437.48

It is to be noted that Federal paid wages paid to Arlington residents on Statewide, Federal and National Youth Administration Projects are not included. These Payrolls are not reported or handled locally. Town expense on street construction is reported by the Board of Public Works.
